

Mission Statement: The mission of the Tioga County Health Department Medical Reserve Corps is to promote health, preserve life, and prevent disability during times of disaster and/or community need

Tioga County's Medical Reserve Corps (MRC) is sponsored by our public health department and consists of volunteers, medical professionals, and paraprofessionals. Tioga County MRC trains with emergency responders and public health staff and are critical in efforts to respond to events or disasters.

TC MRC strives to have a well-rounded group of both medical and non-medical volunteers with a basic understanding of emergency response and with a desire to help others in need.

For more information on Tioga County MRC or to become a volunteer please contact:
