**TIOGA COUNTY  
COVID-19 UPDATE – SEPTEMBER 8, 2020**

Owego, NY – Tioga County Legislative Chairwoman Sauerbrey reported the following Tioga County COVID-19 Statistics:

- **226 Confirmed Cases** – Total confirmed cases, to date.
- **58 Individuals in Mandatory Quarantine** - These are individuals who have had close contact (6 ft.) with someone who has tested positive, but is not displaying symptoms for COVID-19; or individuals that have traveled to China, Iran, Japan, South Korea, or Italy and is displaying symptoms of COVID-19; or individuals who traveled outside of New York State to one of the states identified by the Governor with a mandatory 14-day quarantine period upon return.
- **196 Recovered** – Total number of individuals who had a confirmed case of COVID-19 and are now symptom and fever-free that meet the criteria to be released from Isolation.
- **5 Active Cases**
- **25 Deaths**

*This is a snapshot of data provided to Tioga County Public Health at this point in time.*

*Administered tests are tracked in various ways. Test results are reported.*

Tioga County Legislative Chairwoman Sauerbrey reported Governor Andrew M. Cuomo today announced **four additional states—Delaware, Maryland, Ohio and West Virginia—meet the metrics to qualify for New York State's COVID-19 travel advisory. Puerto Rico and the United States Virgin Islands have been removed.** The advisory requires individuals who have traveled to New York from areas with significant community spread to quarantine for 14 days.

In addition, Governor Cuomo announced the launch of "**The COVID-19 Report Card**", an online dashboard, which tracks real-time COVID-19 infections and testing operations of every New York school and school district. The Governor acted by Executive Order directing schools, local health departments, labs and all testing sites properly collect and report COVID-19 testing data for students and staff at each school in New York State, ensuring this information can be accurately presented on the online COVID-19 Report Card. As schools reopen and districts, local health departments, and labs begin reporting this data to the NYS Dept. of Health, the COVID-19 Report Card will be live at <https://schoolcovidreportcard.health.ny.gov/>. **The COVID-19 Report Card** will provide parents, teachers, students and all New Yorkers with comprehensive data updated on a daily basis, including:

- Positive infections by date of students & staff by school & school district
- Whether school/district (& student and staff) are remote, in-person, or hybrid
- Number of students and staff on-site
- Percentage of on-site students & staff who test positive
- Number of tests administered by the school, test type, lab used and lag time
- Date of last submission/update

The COVID-19 Report Card online dashboard features user-friendly design to make it easy for parents, teachers, students and all New Yorkers to access the data in one central location. Visitors to the website can simply type in their home address to identify their school district, select their specific school, and find all reported positives, a breakdown of testing and results for students and teachers and the current enrollment. The dashboard will feature 7-day trend charts so visitors can track results over time.
