18 YEARS OF DEDICATED SERVICE TO
TIOGA COUNTY PUBLIC HEALTH*

WHEREAS: Albert Knapp began his career with Tioga County on March 20, 2006 as a Public Health Technician for the Septic Program, a newly established program at that time within Tioga County Public Health. In August 2007, Mr. Knapp was promoted to Public Health Sanitarian, the position he still holds; and

WHEREAS: Mr. Knapp has held many roles in Public Health, including being a certified lead risk assessor, inspector of food establishments, summer camps, and public meal sites. He has also been an investigator of animal bites and the related rabies prevention program while also being an inspector for the septic program and designer of septic systems; and

RESOLUTION ADOPTED UNANIMOUSLY.

Legislator Standinger spoke. "Al, I just want to tell you that I have seen you around quite a bit and I am glad that you were out there taking care of the food establishments so none of us get sick. You are highly respected in your field, and it seems like you are too young to retire, but I wish you luck."

Albert Knapp spoke. "I just wanted to say that my 18+ years working with Tioga County has been very rich for me in both a personal and professional manner. There are so many things that can be learned in Public Health because it is so multi-dimensional. The programs that Legislator Standinger was speaking of certainly do exist but things that we do not see are the quality improvements, the demand that puts on staff, and the teamwork that is involved with Public Health.

"I do want to say and give a shout out to each one of my co-workers that it has been a pleasure working with you. I really enjoyed the time we had. It's one team that I could say that, outside of the military, when anything had to be done, no matter what was asked of us, there were no questions. Having that time of comradery and support just made the job a lot easier. I hope I spoke well of my co-workers. I am going to be leaving them but keep in your hearts and minds their efforts as well. It is a lot to endure at times through times such as the COVID pandemic and keeping up with our regular duties but at the same time supporting our community.

"The last thing I want to say about Tioga County is the County itself and the people that make up Tioga County; the Legislators, the community, and the support that Public Health can do and the outreach for our community members is something that I will always hold dear, and I will continue to do it. Running groceries with my father. He is 93 years old and still doing pretty good. Still mows his lawn, so maybe I will have to try and keep up with him. Just continuing to support people in need. I am a grandfather now and I am seeing the other side of that, and I am enjoying that part of my life.

"In closing, I want to say thank you very much to the Legislators for all their support that they have given us, to Legislator Standinger for all your support for Public Health, to Chair Sauerbrey for your direction and your team, and everyone in Public Health, I want to say thank you. I am going to miss everybody, but I will see you around. Thank you."

Public Health Director Vroman spoke. "I have had the privilege of working with Al for my entire time at Public Health or just over 13 years. From the very first day that I meant Al, he stood out as being kind, compassionate, and dedicated to

his work consistently demonstrating an unwavering commitment to excellence. Also, his integrity and the well-being of Tioga County residents has spoken volumes. As the resolution indicated, Al wore many hats during his years at Public Health, but it is noteworthy to mention that he was initially hired to develop and implement our Septic Program, which he has worked in for many years. Preparing to leave us, he trained our new technician in this very program, who happens to be his son.

“Over the years, Al has held a prominent role in our Childhood Lead Poisoning Program in children’s camps completing thorough and meticulous investigations to ensure the safety of children. Al’s dedication to his work is evident in everything that he does. His willingness to help, his friendly demeanor, and his ability to remain calm and helpful even when he is swamped has earned him the respect and admiration of all who have had the privilege of working with him.

“I would be remiss if I did not mention that Al’s love for Jesus and his dedication to sharing the Gospel with others as well as his devotion to our Country as shown in his service in the Marine Corps and his love for his wife, Lori, are very prominent in his life.

“Al, your contributions to our team and the community have been invaluable. Your retirement will undoubtedly leave a significant void, but we are incredibly fortunate to have your son, Alex, continuing your legacy.

“Thank you, Al for your years of service, your dedication, and your unwavering commitment to the health and well-being of our community. You are already missed, but your impact will continue to be felt for years to come. Thank you.

“Thank you, Legislators, for recognizing Al’s retirement and years of service to our Department.”

There was no privilege of the floor.

RESOLVED: That the Tioga County Fixed Asset Policy be amended in its entirety and replaced as follows:

SECTION III. – FINANCIAL RULES

c. Fixed Assets

FIXED ASSET PROGRAM POLICY AND PROCEDURES

The intent of this document is to state the purpose and policy for the implementation of a Fixed Asset Program, to define the various elements of the policy, to describe the roles of various departments key to the implementation and maintenance of the program, and to define procedures and delegate responsibilities to all County departments necessary to ensure a continuing credible database. This policy was originally in effect September 15, 2020, and will be amended and replaced in its entirety on January 14th, 2025.

I. POLICY STATEMENT

It shall be the policy of the County Legislature that a record of fixed assets owned by the County shall be established and maintained. The valuation of fixed assets shall be based on an historic cost and shall meet generally accepted accounting principles.

Department Directors and Elected Officials shall be responsible to charge the acquisition cost to the proper account, to maintain accurate and current records of existing assets, to record the disposition of assets leaving their area of responsibility, and to cooperate with the annual audit and inventory.

II. PURPOSE OF THE FIXED ASSET PROGRAM

There are four basic premises to the Fixed Asset Policy for Tioga County.

The first premise is an acknowledgment that Tioga County, as a business entity, should manage its financial affairs in a manner consistent with established business

practices whenever practical, including compliance with Generally Accepted Accounting Principles (GAAP). Basic to this concept is the duty to publicly recognize and value assets owned by the County. It is the intent of the management of Tioga County to demonstrate accountability and stewardship of tax dollars used to fund capital transactions by maintaining records of Fixed Assets.

The second premise is recognition that governmental accounting (NCGA Statement No. 1) requires fixed assets to be recorded at their historical cost. The additional stipulations of GASB Statement 34 require the county to track and depreciate capital assets.

The third premise is a desire to establish internal controls for the purchase, tracking, and disposition of all owned material and equipment. However, the desire for internal controls must necessarily be tempered in recognition that the cost of implementing controls should not exceed the value of implementation. To that end, Department Directors and Elected Officials are responsible for items of lesser value.

The fourth premise is to account for all fixed assets if there is a disaster that results in the loss or damage of county assets. The fixed asset records have to be maintained for insurance purposes. Tioga County procures and maintains insurance consistent with prudent practices to protect the County's fixed assets.

Pursuant to the adoption of this Policy, in accordance with the statements above, the capitalization threshold for capital assets as defined in Section III of this Policy is hereby established at \$5,000, infrastructure values as defined in Section III will be tracked for projects with a cost of \$25,000 or greater, and a process to depreciate capital items will be established.

III. ACCOUNTING BASIS AND OPERATIONAL PRINCIPLES

Tioga County has adopted a Fixed Asset Program in accordance with the principles established by the Governmental Accounting Standards Board (GASB) Statement Nos. 1, 34, 87 and 96.

OFFICE OF RECORD

The Treasurer's Office shall be the official office of record for all capital asset purchases, improvements, additions, and disposals. The Treasurer's Office will have the sole responsibility of establishing and determining useful life and depreciation.

The County Clerk's Office shall be the official office of record for all non-capital asset purchases, improvements, additions, and disposals.

DEFINITIONS AND CLASSIFICATION GUIDELINES

This section will establish guidelines to be used by purchasing when classifying and valuing purchased items. Asset acquisition must be classified within one of the following categories:

CAPITAL ASSET – A Capital Asset as defined by this Policy is a fully functioning unit, which has an acquisition cost of \$5,000, or greater, and a useful life of at least 2 years. All capital assets shall be recorded in a manner consistent with the provisions of GASB Statement 34, by classification, and further in conformance with requirements set forth in "Governmental Accounting, Auditing and Financial Reporting" (GAAFR) guide issued by the Government Finance Officers Association. In accordance with Generally Accepted Accounting Principles, all costs associated with bringing a capital asset to working condition will be recorded as a cost of the capital asset. This may include any costs related to design including engineering, architecture, and site preparation, freight, and other labor or consulting fees associated with the preparation of a capital asset for public use.

NON-CAPITAL ASSET - An asset, which has an acquisition cost of less than \$5,000, and a useful life of at least one year.

- Only items costing one thousand dollars (\$1,000.00) or more will be inventoried with the exception of computer equipment and other miscellaneous items so designated.
- All computer equipment purchased through IT will be inventoried regardless of cost.

INTANGIBLE ASSET-LEASE – A lease is defined as a contract that conveys control of the right to use another entity's nonfinancial asset (the underlying asset) as specified in the contract for a period of time in an exchange or exchange-like transaction. Capital leases with an associated individual asset value of \$25,000 or more shall be recorded in a manner consistent with the provisions of GASB Statement 87. Subscription Based Internet Technology Arrangements with an associated individual asset value of \$500,000 or more shall be recorded in a manner consistent with the provisions of GASB Statement 96.

GASB Statement 87 and 96 state that future lease payments should be discounted using the interest rate the lessor charges the lessee, which may be the interest rate

implicit in the lease. If the interest rate cannot be readily determined by the lessee or lessor, the estimated incremental borrowing rate should be used.

For statewide financial reporting purposes, state entities within the primary government should first use the explicit rate that is stated in their leasing contract. In the absence of a stated interest rate, entities should attempt to calculate the implicit interest rate (an internal rate of return). If an implicit rate cannot be determined, the incremental borrowing rate should be used to discount future lease payments. Borrowing rate can be requested through Tioga County's primary lending authority.

CONSUMABLES (SUPPLIES OR DISPOSABLES) - Are items which, regardless of cost, are neither Capital Assets nor inventory items; they have a useful life of less than one year. These items will not be recorded as a Capital Asset, nor will they be inventoried and will not receive a Property Record Tag.

INFRASTRUCTURE - Are assets that are defined as Capital Assets that are immovable and of value only to the governmental unit and include such things as sidewalks, roads, and utility lines. Accordingly, and in conformance with GASB Statement 34, Tioga County will include these values for items with an acquisition or appraised value of \$25,000 or greater in the Capital Asset System.

CLASSIFICATION GUIDELINES:

ORDINARY REPAIRS - Repairs made to keep an asset in good working condition, regardless of cost, are ordinary repairs and shall not be recorded in the Capital Asset System. Ordinary repairs for a building include such things as repainting and repairing a roof. Ordinary repairs for equipment and vehicles include replacing small parts or other maintenance items.

EXTRAORDINARY REPAIRS/IMPROVEMENTS - Major repairs made not just to keep an asset in good working condition, but also to extend its useful life beyond that originally estimated, are extraordinary repairs and shall be recorded in the Capital Asset System. A replaced roof would be an example of an extraordinary repair. Improvements involve modifying an existing asset to make it more efficient or productive, usually by replacing part of the asset with an improved or superior part and shall be recorded in the Capital Asset System.

ADDITIONS TO EXISTING CAPITAL ASSETS - Which have an acquisition cost of at least \$5,000, shall be assigned to and increase the value of the Property Record of the existing item and shall be considered a Capital Asset Addition. The Useful Life of

Extraordinary Repairs and Improvements will be determined by the number of years the useful life is extended. Additions to Existing Capital Assets will be capitalized according to the Useful Life guidelines below.

SOFTWARE - Will be subject to the threshold above with the exception of software upgrades and maintenance costs. Upgrades, renewals and maintenance will not be recorded in the Capital Asset System. (NOTE: An exception may exist if a significant upgrade is acquired which will be determined at that time.) Software purchases greater than \$5,000 that result in a new license will be recorded in the Capital Asset System and will be assigned a property tag, which must be maintained in a log in the department wherein it resides.

HARDWARE - Components that are stand-alone units and will not be installed internally to an existing computer, will be subject to the existing threshold of \$5,000 when determining whether it is a capital asset.

USEFUL LIFE – All Capital Assets except land will be assigned a useful life appropriate to that asset. Land has an unlimited useful life and will not be subject to the provisions of this paragraph. The cost of an asset will be capitalized using the **straight-line half year** method over the useful life of the asset. Useful life is obtained using the Capital Assets Policy and Procedure Manual provided by the New York State Office of General Services.

IV. FIXED ASSET PROCEDURES

Attached to this policy is a section entitled Fixed Asset Procedures, which details the procedures that must be followed by departments when purchasing, transferring, or disposing of a Fixed Asset or an asset carrying a Property Record Tag. This section is hereby incorporated into this policy statement but may be amended from time to time as necessary. Amendments shall be incorporated into a new Fixed Asset Procedure Manual and shall occur either at the discretion of the Treasurer's Office or the County Clerk's Office.

V. DEPARTMENTS' RESPONSIBILITIES

A. DEPARTMENT DIRECTORS

It shall be the responsibility of every department head and elected office holder to control and record the acquisition and disposition of infrastructure, capital and non-capital assets (as defined in Section III) within their department. These numbers, values, and locations are recorded in the Capital Asset Module of the County

Financial Management Accounting System (**FMAS**) Software and will be updated by the Treasurer's Office and the County Clerk's Office with each new acquisition, disposal or transfer.

PROCUREMENT

1. The responsibility of record keeping begins with the decision to purchase an item. The item must be included in the approved Capital Budget for that year and procurement of the item must comply with the County's Purchasing Policy.
2. The Department must complete the requisition (if appropriate) and purchase order in the County FMAS. The Capital Asset box should read (Y) when entering in the line items for capital assets. Individual lines need to be entered for multiple items if more than one item per line was entered. It is the responsibility of the Department to enter recordable items properly into the Requisition and Purchase Order fields.
 - a. Note- Certain accounts are flagged and reviewed for asset recording purposes.
3. Invoices received for all assets purchased will be processed through Accounts Payable. The Department will attach any necessary information needed for the maintenance of the Capital Asset database to Finance. The Treasurer's Office will be the official "office of record" for capital asset purchases. County Clerk's Office will be the official "office of record" for non-capital asset purchases.

PROPERTY TRANSFER AND DISPOSITION

Each responsible department will record property transfers.

1. The Department Head or designee shall be responsible for the care and safekeeping of all assets recorded in the County FMAS which were purchased by their department. When departments are finished actively utilizing an asset, it will be turned over to the Department of Public Works (DPW) or County Clerk's Office.
2. Items must be tracked as long as the County maintains custody, regardless of whether they are fully depreciated. Departments shall track status, moved or disposed, in the County FMAS.
3. At the time of inventory, all recorded items must be located. Notice of disposition must be provided to the Treasurer's Office and County Clerk's Office if any item recorded is not located. Items located but not valued or recorded must at that time be entered into the system.
4. All assets not in active use will be turned over to either the DPW or County Clerk's Office.

5. At any time when a recorded item is sold or otherwise disposed of, the Treasurer's Office and County Clerk's Office will receive a written notification (Tioga County Equipment Inventory Disposition Document) of property disposition from the department disposing the item. Finance will record the final disposition of the capital asset and remove its value from the system.
6. On or around January 1 of each year, the Clerk's Office will submit a complete list of all **capital and non-capital assets** to all departments. Each department will then be required to review the list and return an updated list to the Clerk's Office with any discrepancies that may exist.

B. TREASURER'S OFFICE

The Treasurer's Office will be the office of record and is responsible to verify that all Capital Asset items are properly classified and are charged to the correct account. In addition, they must conduct overall program reviews from time to time to guarantee consistency and integrity. They will review the following information:

- The classification and useful life of the item(s) is reasonable and proper.
- The object account is proper.

A report will be made available by the Treasurer's Office for the Legislature that details the results of the annual inventory and any pertinent findings. The Treasurer's Office may visit any department and conduct an audit of the inventory.

C. DEPARTMENT OF INFORMATION TECHNOLOGY

The Information Technology Department (IT) will be responsible to approve all requests for data processing related asset purchases including all hardware and software. Annual appropriations for all computer related assets may reside within the IT budget or within respective departments as will be determined annually.

Computer hardware and software that qualify as assets regardless of cost will be recorded in the Capital Asset System in accordance with this policy. The IT Department is primarily responsible to advise departments and to approve requested purchases when purchased through the IT Department. Record of all such items will be maintained by the IT Department after delivery/installation.

The IT Department will work with the Treasurer's Office and County Clerk's Office for acquiring and disposing of fixed assets.

D. DEPARTMENT OF PUBLIC WORKS

The Department of Public Works (DPW) will be responsible to approve all requests for building and furniture related asset purchases. Annual appropriations for all DPW related fixed assets may reside within the DPW budget or within respective departments as will be determined annually.

Building and furniture items that qualify as fixed assets will be recorded in the Capital Asset System in accordance with this policy. DPW is primarily responsible to advise departments and to approve requested purchases when funded from the DPW budget. Record of all such items will be maintained by the DPW after delivery/installation.

In addition to maintaining the inventory for their items, DPW has responsibility to provide a location to store temporarily items transferred to await sale at public auction or other final disposition. When held, DPW shall be responsible for administering the sale of County's fixed assets. All dispositions of fixed assets shall be reported to the Treasurer's Office and the County Clerk's Office for processing in accordance with Item above.

E. COUNTY CLERK'S OFFICE

The County Clerk's shall be the official office of record for all non-capital asset purchases, improvements, additions, and disposals.

Upon receipt of an asset valued over \$500.00 or computer or computer-related equipment and other miscellaneous items so designated, the County Clerk's Office will issue a numbered inventory tag that will be attached to the new asset.

F. EXCEPTIONS

On occasion, the County receives gifts of value at no cost. Department Heads are responsible to indicate this to the Clerk's Office who must then contact the appropriate department of custody to create an asset record and tag. At that time, the department of custody must make a value determination using the best available data from vendor or trade publications and enter this information into the County FMAS accordingly.

Sheriff Howard spoke. "I told the Lieutenant that I had nothing but good things to say about him, but I have this much. Every day there is a briefing done with all Division Heads reporting to Administration the daily activities coming up or any issues for the day and the Lieutenant would come over and do that. But then I would see him over in Administration in the afternoon, which is not good. So, when I saw him, I would always say 'what's wrong now' and he would say things like the dishwasher broke or we had a major leak in the jail noting that something was always wrong. It was always strategically about 3:00 p.m. when he would come over to tell us and then he would be gone and leave it with us. But that is the only thing I want to bust him about.

"Thank you, Lieutenant for your incredible contributions, your unwavering support, and your 25 years of service. You have been an inspiration to all of us and we are so grateful for everything you have done. You have led by example, offered support, built trust, and earned the respect and admiration of your colleagues. Your dedication and willingness to go above and beyond have set a high standard for all of us. This is the time to relax, pursue your passions, and enjoy the fruits of your labor. Whether it is spending time with your loved ones, traveling, or exploring new interests. You deserve all the happiness and fulfillment that retirement should bring. With that, I want to say thank you from everyone that is here today and congratulations."

Corrections Lieutenant Agan spoke. "Anybody that knows me, knows that I am not a speech guy, but I cannot pass up an opportunity. After 25 years, I

thought I was prepared for anything, but walking up here and standing in front of all of you is basically overwhelming. I want to thank the Sheriff for the opportunities he has presented and the staff I have worked with over the years for their support and always being there for you without question or worry. My own staff is just the utmost loyal staff and I couldn't ask for better people to work with. Every day you have some new hurdle that you have to get over. Again, each day you get through it, you get over it, and then you sit back at the end of the day or end of the year, and you look back and just the level of integrity and professionalism that is shown by everybody within the Department is just commendable. It is family. Thank you, everyone."

Chair Sauerbrey reported we have one Proclamation: **Recognizing the 2024 Candor Central High School Volleyball Team** that will be read and presented by Legislator Standinger.

Legislator Standinger spoke. "I would like to start by saying that as a 1976 graduate of Candor High School, I am honored, and it is my pleasure to read this proclamation. Unfortunately, I only had one daughter that played volleyball, the other two were soccer girls. But I did go to a lot of volleyball games, and I know the effort these young ladies have put into their sport, and I certainly appreciate that."

COUNTY OF TIOGA EXECUTIVE PROCLAMATION

~~Recognizing the 2024 Candor Central High School Volleyball Team ~~

WHEREAS: The Tioga County Legislature is extremely proud of all School Districts and appreciates the value that schools bring to our communities; and

WHEREAS: The Legislature is equally proud of our young people and recognize the students that participate in programs that build character through extracurricular activities and specifically sporting events; and

WHEREAS: Student-athletes can establish a strong foundation upon which they can go on to lead extraordinary lives; and

WHEREAS: The Candor Central High School Volleyball Team's hard work, dedication, sportsmanship, and overall talent was exhibited during the 2024 regular season with a record of 22 wins and 1 loss and the State Championship game on Saturday, November 23, 2024 in Glen Falls, NY defeating Ellicottville High School 3-2 earning them their fourth New York State Public High School Athletic Association (NYSPHSAA) Class D State

Championship under the leadership of Head Coach Pam Quinlan and Assistant Coaches Michael Swartz and Brittney Noble; and

WHEREAS: Candor Central High School Volleyball Team previously won NYSPHSAA Class D State Championship titles in 2002, 2003, and 2019; and

WHEREAS: The Candor Central High School Volleyball team has brought great honor, not only to themselves, but to their school, their families, and their community; and

WHEREAS: The Tioga County Legislature proudly congratulates and applauds the coaches and following members of the 2024 Candor Central High School Volleyball team on their accomplishments, successful season, and 2024 State Championship victory and extends our best wishes to the six (6) departing seniors who successfully finished their high school volleyball careers as State Champions:

Kathryn Stouffer	Phoebe Swartz	Malley Heidl
Ava Fernando	Keanna Fay	Ryleigh Bowman
Emmi McCracken	Nicola Soper	Leilani Lane
Hazel Ray	Kiera Austin	Emmi Makie

Head Coach: Pam Quinlan
Assistant Coach: Michael Swartz

Legislator Standinger spoke. "It is pretty amazing these young ladies have had all this luck in winning State titles over the years and I am honored to be able to recognize all of you."

Coach Pam Quinlan spoke. "Thank you and thank you for this honor. We really appreciate it. I usually cannot talk about them without getting a little emotional, so here I am. I know it's the fourth, but it's the first for these young ladies. We start our season in May, and it is pretty much a year-round commitment for them. The dedication, passion, and the joy that they have when they play is wonderful. They are great young ladies, great ambassadors for our school district,

great representatives of their family, and I always feel blessed every day when myself, Mr. Swartz, and Ms. Noble walk into the gym to work with them, spend time with them, see them use their God-given abilities, and enjoy the company of each other and to be able to culminate that with the State Championship is just some icing on the cake. I think sports are a great segue to life lessons in terms of disappointments, some highs and some lows and we hope that they are able to take away from this the things that they will be able to use outside of the volleyball court at some point in their life. We know that these young ladies who helped to win this State Championship still have a lot of great things to do and we look forward to seeing them do that. We appreciate them being here today and we appreciate the recognition of their hard work and dedication. Thank you."

REFERRED TO: FINANCE/LEGAL COMMITTEE

RESOLUTION NO. 46-25 *ADVOCATING FOR REFORM AND
INCREASED FUNDING FOR
NEW YORK STATE'S CODE BLUE PROGRAM*

WHEREAS: The New York State Code Blue policy was established as an emergency Executive Order on December 16, 2016, with a commitment of reimbursement for additional costs to counties that are directly related to the requirements of the Code Blue regulation; and

WHEREAS: The current Code Blue policy is no longer adequate or effective given the significant changes in affordable housing availability and evolving human needs since that time; and

WHEREAS: The requirement for Departments of Social Services to simply provide space to keep people warm during extreme weather conditions is no longer sufficient to meet the growing and complex needs of unhoused individuals; and

WHEREAS: New York State leaders must recognize that any policy aimed at providing warm spaces for the most vulnerable individuals in our community must be comprehensive and involve the collaboration of all relevant human services agencies beyond the Office of Temporary and Disability Assistance (OTDA); and

WHEREAS: The expertise and resources of agencies such as the Office of Mental Health, the Office of Addiction and Substance Abuse Services, and the Office for people with Developmental Disabilities are essential to address the multifaceted needs of unhoused individuals; and

WHEREAS: County Departments of Social Services (DSS) are trained and equipped to deliver mandated income-based programs under the oversight of the NYS OTDA, but Code Blue services extend beyond these requirements and necessitate the involvement of additional state agencies and local service providers; and

WHEREAS: The cost of delivering Code Blue services continues to escalate due to increasing numbers of individuals in need, rising behavioral challenges stemming from untreated mental health conditions, substance use disorders, developmental disabilities, and the rising costs of staffing, utilities, and essential supplies; and

WHEREAS: New York State has capped the amount of funding allocated to counties for the operation of Code Blue programs, which does not account for the annual increase in operational costs or the growing demand for services; and

WHEREAS: The current level of funding is inadequate to cover the increased staffing and resources necessary to provide services to the homeless population in Tioga County thus the County seeks to avoid planning the burden of these rising costs on local taxpayers; therefore be it

RESOLVED: That the Tioga County Legislature strongly urges New York State to increase their funding commitment to adequately support the continued operation of Code Blue programs and ensure the safety and well-being of vulnerable individuals during cold weather conditions; and be it further

RESOLVED: That the Tioga County Legislature calls for the establishment of true partnerships between County DSS and other service systems, starting at the State level, that have both the expertise and shared accountability to design the services and space to keep our most vulnerable individuals safe; and be it further

RESOLVED: That copies of this resolution be forwarded to Governor Kathy Hochul, Senator Thomas F. O'Mara, Assemblymember Christopher S. Friend, the New York State Association of Counties (NYSAC), and all others deemed necessary and proper.

Legislator Standinger spoke. "The State implemented this rule that when the temperature gets below a certain degree that we have to house anybody who is homeless. It is a mandate from the State, and they do not provide adequate funding for that mandate, which is pretty much the case with what comes out of

Albany, NY. So, we are trying to make a point with them that if they are going to mandate, they should provide the funding for it."

*Public Hearing
North Tioga Agricultural District #3 Eight-Year Review
(Towns of Richford, Berkshire, Newark Valley, and Village of Newark Valley)
Berkshire Town Hall, 18 Railroad Ave., Berkshire, NY
February 18, 2025*

The Public Hearing on the North Tioga Agricultural District #3 Eight-Year Review was called to order by Deputy Chair Monell at 1:00 P.M. Legislators Brown, Bunce, Flesher, Monell, and Standinger were present with Legislators Ciotoli, Mullen, Roberts, and Sauerbrey being absent.

There were 36 people in attendance.

The Clerk read the legal notice as published in the official newspapers.

County Planning Director Elaine Jardine spoke. "I am the County Planning Director. The Agricultural Districts Program is a New York State program that is administered through County Planning Departments. This program is simply a land preservation program, and it has nothing to do with agricultural assessments or real property taxes. It is a handshake with New York State Agriculture and Markets that you will retain your land in agriculture for the next eight years. The agricultural districts are reviewed every eight years.

"I have a preliminary map here today with green colored parcels with the darker green representing existing properties and the lighter green representing properties that were added to be enrolled during the survey process for this district, which encompasses the Towns of Richford, Berkshire, Newark Valley and the Village of Newark Valley. Additionally, I have a property listing by existing, new, and deleted parcels.

"Today, we are conducting a public hearing at the end of this 300-day process prescribed by the Agricultural Districts law, and the Tioga County Legislature is here today to hear comments. If your property is not enrolled, we can take your information today. Thank you."

Deputy Chair Monell opened the floor for public comment.

Roberta Holcomb spoke. "I called Ms. Jardine and spoke to her about this because I was concerned that people who have agricultural land that were never in the district before were not receiving letters. We have several pieces of agricultural land that we work in conjunction with our farm that are all neighbors, and I did not know if they received letters. I was trying to review the map online,

but it still appears to me that a lot of people are not on this map, and I was wondering if they can receive letters."

Elaine Jardine spoke. "We can enroll them if they contact me. This is a voluntary program, so back in October 2024 we sent out a notification letter that this process was starting. We used GIS to look at the current enrolled land, current agricultural assessment land that was not enrolled in the agricultural districts, and crop land. We sent out approximately 560 letters at that time. If you look at this map and see that they are not enrolled, they can be enrolled, but again this is a voluntary program."

Roberta Holcomb spoke. "Is there a minimum number of acres to enroll in the program?"

Elaine Jardine spoke. "No, there is not a minimum."

Deputy Chair Monell spoke. "What is the cutoff date for anyone who still wants to enroll their agricultural land?"

Elaine Jardine spoke. "The Legislature has to vote on this at their March 11, 2025 Legislature meeting, so I would say Friday, February 28, 2025."

GIS Manager Bryan Goodrich spoke. "There is a lot of information that goes into preparing this and this is not a one and done deal, as they are accepted on an annual basis. It is just once every eight years where the landowners have the ability to get out of the district, so if you do not get included in this period, it is on a rolling basis every year."

Elaine Jardine spoke. "The County Legislature designated January 2 -31, 2025 as the enrollment period for new parcels to be added into the agricultural district. The enrollment period has ended this year, and we only received one request, but the eight-year reviews you can add or remove your land. This is a legacy program so if you just bought property a few years ago a lot of times the new owners learn their property is already enrolled in the agricultural district from a previous owner request."

Town of Berkshire Supervisor Gehm-Jordan spoke. "So, why might someone want to be in the agricultural district and have their name included on the map?"

Elaine Jardine spoke. "Land preservation in agricultural for the next eight years is the main purpose. It affords a couple of protections. For instance, if your municipality is proposing a law that you think may impact your farming operation or land or if you get a complaint from a neighbor who does not particularly like the noise or smells that are coming from your farming operation, New York State

Agriculture and Markets will provide you legal assistance to fight those issues that might impact your land. If your land is enrolled in agricultural assessment and you renew it every year, if for some reason you convert some of your agricultural land to a non-agricultural use such as residential, solar farm, etc., you would only owe back five years in that differential of taxes from agricultural land to the improved land whereas if you are not enrolled in the agricultural district and your land receives agricultural assessment, you would owe eight years of back taxes. These are the main purposes of the program."

Phillip Quick spoke. "Unless you are already paying regular taxes and not receiving agricultural assessment, right?"

Elaine Jardine spoke. Yes, in that case you would not owe any back taxes."

Phillip Quick spoke. "Even if I was in this agricultural district program and I am paying regular taxes with no farming exemptions, I can do whatever solar, windmill, etc. use and there is not penalty at all, right?"

Elaine Jardine spoke. "The Agricultural Districts program does not preclude you from converting your agricultural land. This would just be recorded during the next eight-year review."

Village of Newark Valley Mayor Tornatore spoke. "There is a number of 501c3's around the county and I have looked at the maps previously, but it just came to me that maybe farmers are haying off some of the land that is not used. I know of two distinctly, so is there an advantage to putting in an application into the Agricultural Market situation?"

Elaine Jardine spoke. "If the non-profit wants to enroll in the Agricultural District program they can and state they are a non-farmer renting land to a farmer. Regarding rent, there does not need to be any written agreement."

Fran Miller spoke. "Is there any place we can see a listing of all the advantages and disadvantages that are available to the public?"

Elaine Jardine spoke. "Yes, you can Google NYS Agriculture & Markets Agricultural Districts program and they have a whole page. I do not have a handout that I can distribute."

Phillip Quick spoke. "I did Google this and it basically says what you told me over the phone. It protects me from my neighbor, and it gives me the ability to have the farm exemption on my taxes."

Elaine Jardine spoke. "There are two separate programs; Agricultural District, which has nothing to do with your taxes and Agricultural Assessment which is an annual renewal program where you would apply for a reduction in your property taxes based on the agricultural value. You do not need to be in one program to be in the other, as they are uncoupled. They really do not have anything to do with each other except for the difference in the back taxes owed if you convert your land to a non-agricultural use."

Phillip Quick spoke. "So, the answer to the question is this program does three things for you; protects you from your neighbors, helps you receive back taxes if you do something non-agricultural, and provides assistance if your municipality is looking to pass a law that you think may impact your farming operation or land."

Scott Gleason spoke. "What disadvantage is there to be included in an agricultural district? It is surprising that this process has to take place especially in a rural area like ours and I wonder if the public is just misinformed that there really is no disadvantage to this program. It is also surprising to me that local boards would have the opportunity to really vote against something like this. It seems like agriculture is a separate entity of its own in a sense and it seems like we should preserve and protect that as well as we can. Local boards are subject to change, so that is what worries us the most. I feel really protected in our own town, as well as the towns we farm in, but who knows how things will evolve. It would be nice if something could be put in a firmer position on these particular grounds being protected from outside influence. More and more we are getting people moving from city areas or confined areas and they put that mindset on to local boards or community members."

Ms. Jardine spoke. "It is in the eye of the beholder. Every individual has a different opinion. Some landowners or farmers do not want anything to do with the agricultural district program, so I just put the information out there factually and neutrally."

Phillip Quick spoke. "I would not have attended this meeting had you told me what he just said that there are no bad effects. When I called you, all you could tell me was that it protects me from my neighbors and helps me get tax money back and I told you I already pay all the taxes on that property. There are no farm exemptions or anything. To me, what does it benefit? Nothing. Other than New York State checking on what you are doing, when you are doing it, and how can we get another nickel from you. That's what I am thinking. You could have diffused that by saying there is no harm to this program."

Scott Gleason spoke. "For me, it is to preserve our communities and our agricultural districts. I think that it is really important for all of us to have the

information. A lot of times, even the Town Board that I am on, there are just not a lot of people who show up and we really only get to communicate with the people that are already aware of how good of a benefit it is to us as farmers and community members. It is a little bit tough, but we need to have some outreach too. It is interesting that some of the people that even own the land do not understand the value of or even how it works in the community. Even the fact that in certain circumstances there are exemptions of people not having to pay back those five years too. I hear people say they are older and not sure how to commit to another five years and what if my family members have to pay back taxes or something like that. I do not think that is as huge of a concern as people think that it is. Being involved in some of that myself, I think there are some exceptions to that rule. I think rules have to be in place but there is some gray area. Personally, I have never heard anyone say they wish they had not enrolled in the program because now I have to pay all those back taxes."

Robert Holcomb spoke. "That is not this program. That is the agricultural assessment program. What I can see as the benefit of this program is your property is listed on a map as agriculture. That's a benefit because the more land they show in our county or town, it benefits all farmers by just people moving into the area and stating they did not know. It is on a map, and you can look it up. That's a benefit."

Elaine Jardine spoke. "District disclosure laws state that when a real estate transaction happens, they are supposed to disclose flood zone and agricultural districts."

Phillip Quick spoke. "A perfect example is that I bought the property I grew up on. It sat dormant for nine years. When I bought it, I paid for a title search twelve years ago, I just received a letter from you this time. Where was this letter in the last eight years? Why didn't it show up on the title search? My parents signed up the property, I did not. Why didn't it drop off? Why am I automatically enrolled? No one asked me anything."

Elaine Jardine spoke. "It is a legacy program. It is in the Real Property database."

Village of Newark Valley Mayor Tornatore spoke. "Some people like the activity of the Agri-farm on Route 38B and others not so much, but that is one example of where agricultural district became an advantage to them."

Elaine Jardine spoke. "Right, because Agriculture and Markets settled a neighbor complaint. I have been doing this for approximately 30 years, and I get in trouble sometimes when I say it is a benefit, but there are press releases and everything else that goes out, so I have learned to be a little more neutral. It's a

voluntary program and explains what the program does for you. I make it very clear in the beginning that there is really nothing much about taxes and there are no financial incentives.”

Town of Richford Supervisor Davis spoke. “Richford has a very comprehensive Right to Farm Law that we passed recently. Does that protect beyond what this program does?”

Elaine Jardine spoke. “Yes, that affords every agricultural operation even the ones that are not enrolled in the Agricultural District to get free legal assistance for conflict resolution.”

Abraham David spoke. “It sounds like something related to what was going on in West Slaterville. I guess a year ago or so, all these no zoning signs popped up and I heard it was all about a neighbor complaining about another neighbor's rooster.”

Legislator Monell spoke. “I think that goes back to what was previously said about people moving into the area and they are not from that area and now suddenly they want to change the way things are done.”

Elaine Jardine spoke. “I want to clarify that the local town board does not pass anything. It is a State policy program, which the County Legislature will adopt. It is both County policy and State policy. There are no local town board approvals.”

Town of Berkshire Supervisor Gehm-Jordan spoke. “That is why Berkshire also passed the Right to Farm Law to protect our people in Berkshire.”

Phillip Quick spoke. “If I lease my farmland to a farmer does this protect the farmer from my neighbor or me as the owner, or both of us?”

Elaine Jardine spoke. “It could be both. We have had a couple of cases that have gone to Agriculture and Markets over the years. One was in favor of the farmer and that it was a sound agricultural practice, and the other was in favor of the neighbors where it was not a sound agricultural practice. The process does work. If you want more information, you can Google Agriculture and Markets Agricultural Districts Law, but there is nothing more on there than what I have told you today. It is a pretty simple program. I think people read a lot into what is not there. It is simply an agricultural land preservation program since 1971.”

Elaine Jardine spoke. “We did send out letters to both agricultural and nonagricultural landowners and one of the questions asks if you rent your land to farmer. We will post this to our ag development part of the County website –

www.tiogacountyny.gov once it is finalized. I believe it is on there as preliminary now. My contact information is also listed on this website."

Phillip Quick spoke. "One of my parcels is all on this map and the other one is only partially on the map, so how do I enroll the entire parcel?"

Elaine Jardine spoke. "The enrollment is by whole parcel only."

Legislator Monell spoke. "We are here to help anyway we can."

There being no further public comments, the hearing was adjourned at 1:26 P.M.

"Running concurrently this year is the Annual Agricultural District Inclusions for the time period of January 2-31, 2025 as designated by the Tioga County Legislature. We received one request for inclusion this year from Theresa Rathke who lives in the Town of Tioga in Tioga Center, NY and she has chickens, pigs, and plans to put a few heifers on her land in May, so that does pass the viable agricultural test. She has 10.9 acres for inclusion in the Spencer Agricultural District #1.

PUBLIC HEALTH WEEK

And urges all residents to take an active role in Public Health efforts within their community through advocacy, education, and collaboration.

Chair Sauerbrey reported we have one person for privilege of the floor.

Marita Florini, Town of Newark Valley resident spoke. "Hello, I am Marita Florini and it is nice to be here. Thank you for all you do. I am here today on behalf of the Tioga County Democratic Committee and also for myself. I am a retired nurse practitioner and worked for 38 years in internal medicine and primary care.

"My concern here today has to do with funding cuts from our Federal government and I am concerned in particular with the resolution that suggests we need to be cutting at least \$880 billion dollars from the budget. Most of what I am reading is suggesting these cuts would probably decimate Medicaid, Medicare, SNAP benefits, and Child Health Plus programs. I have called our Congressman, Nick Langworthy, to ask him what he thinks of these proposals or possibilities. Also, with the funding cuts, I have been concerned about what will be happening to our communities as different funding cuts go through. I am aware that in Owego there is some concern with the flood mitigation analysis that was to happen, as well as the COPS grant that was another potential grant that could be a problem. So, I have asked the Congressman about these things, and I have yet to hear any kind of response back.

"I am here today to ask your opinions as to what is happening in our towns and villages in terms of cuts and what your thoughts would be on Medicaid going forward in particular, as you know the Safety Net is necessary and cuts would definitely harm our Safety Nets, our seniors, children, and our disabled. Do you have any questions? I appreciate the time. Thank you."

Legislator Mullen made a motion to approve the minutes of February 11, 18, and 20, 2025, seconded by Legislator Monell and carried.

Chair Sauerbrey stated all Legislative Committees met this month and the minutes are or will be on file with the Clerk of the Legislature.

Chair Sauerbrey delivered the following State of the County Address:

"The mission of Tioga County is to serve its residents with transparent and reliable services that uphold rights, promote safety and health, for a high quality of life for all. 2024 was an exemplary year for Tioga County in meeting this mission. While there were challenges, the County moved forward successfully and on a consistent basis, always working to make County government more effective and efficient.

"I'd like to thank the efforts of the Tioga County Legislators, whose representation and leadership have made 2024 a continued success. I'd like to further thank our Department Heads, who continue to lead the County forward and I'd of course like to say "Thank You" to all of our wonderful employees of Tioga County, without whom the services and programs the County provides, would not be possible.

"Every Legislative year brings challenges, struggles and often sadness. Last year we lost three former Legislators. Legislator Dale N. Weston passed away while in office on April 2, 2024. Legislator Weston was elected to the position of Tioga County District #6 Legislator on January 1, 2005, and represented the Spencer - Barton area. He served until the time of his passing.

"Former Legislator Todd E. Smith passed away on April 8, of 2024. Former Legislator Smith was elected to the position of Tioga County District #7 Legislator on January 1, 1999. He successfully was re-elected until his resignation on September 30, 2003.

"Legislator Peter L. Ward passed away on May 8, 2024. Former Legislator Ward was elected to the position of Tioga County District #7 Legislator on January 1, 1996 and was successfully re-elected until he left office on December 31, 2004.

"Sometimes, things happening in the State or the Nation affect the way we do business. Elected leaders make decisions based on what is best for them perhaps but not necessarily for us. This is the case of relocating busloads of immigrants upstate to relieve the burden of New York City. In 2023, the Chair of the Legislature declared a State of Emergency preventing immigrants from being bussed, dropped off and then housed in Tioga County at hotels, motels, etc. We kept the State of Emergency effective for over a year and a half until the winds of change arrived, and we felt confident we would not fall victim to another government's problem.

“Celebrating her 30th year of Tioga County employment, Legislative Clerk Cathy Haskell continues to set the standard as a steward of professionalism. Our Legislative Clerk was instrumental in 2024 helping to guide Tioga County through numerous departmental changes, policy updating and helping to bring our new County Administrator on board.

“In July of 2024, the Legislature successfully appointed Jackson D. Bailey II as the first County Administrator. Under the directives of the Tioga County Legislature and Local Law #4 of 2023, the County Administrator will act as the day-to-day primary Operations Director, Budget Officer, and Public Information Officer for the County. The County contracted with Dr. Ian Coyle of Pracademic Partners to offer Training and Executive Coaching services to help ensure the continued success and implementation of the County Administrator position.

“The Law Department plays a vital role in every County Department from evaluating contracts, providing professional legal counsel, child protective services, providing state-mandated counsel and prosecution of crimes.

“2024 saw the continuation of the tragic criminal investigation regarding the murder of Thomas Rath. This investigation has greatly impacted several Tioga County Departments including Probation, County Sheriff, District Attorney, Public Defender, County Court, and the County Attorney. The Department's cohesion and continued support from the Legislature has helped to carry out the swift, fair, and effective justice that is expected in Tioga County.

“As the steward of taxpayers' dollars, the Tioga County Treasurer's Office continues to provide Tax Enforcement, Residency Certificates, and oversight of all fiscal matters for the County. Elected Treasurer James McFadden celebrated his 30th year of County service in 2024 and looks forward to retirement in 2025.

“The financial and staff highlights from the Treasurer's Office are as follows:

- Sales tax collections were down 4.49% to \$31,793,185, or off 1.5 million dollars over 2023. The County shares 25% of these collections with towns and villages.
- The Treasurer auctioned off 27 tax foreclosed properties at an October public auction. Despite writing off three years of uncollected property taxes, the sales produced a surplus of \$384,334 at closings. A new State Law no longer allows counties to retain surplus funds and shall address a priority distribution of such funds by court order.
- The annual independent audit of all the County's 2023 financial transactions, fund balances, and investments reported a clean opinion with no adverse findings and

verifications of all account balances. And once again found the County within compliance of all state and federal reporting requirements.

- In 2024, the County paid 3.2 million dollars in Community College tuition bills. This state-mandated education service represented 12% of our County's tax levy last year. One thousand four hundred and seventy residents benefited from this program.
- The Treasurer paid off a lease with the Motorola Corporation, saving \$200,000 in scheduled interest payments for the Radio Communications Tower Upgrade Project.
- The Treasurer produced an investment income of 2.3 million in 2024, an all-time high.
- The Treasurer's Office promoted Laura Schurter to the position of Chief Accountant and welcomed David Collison to the position of Accountant in 2024.

"The Mental Hygiene Department offers Tioga County residents person-centered counseling services and support for individuals and families of all ages who are coping with emotional problems, mental illness, depression, anxiety, substance use and much more. In 2024. A satellite Mental Health Clinic was opened in Waverly, NY, and will greatly expand services and outreach for Tioga County residents.

"Accounting Associate III, Linda Beers, celebrated her 30 years with the County.

"Social Services works to support children and families, provide foster care homes for children in our community, provide SNAP benefits for healthy food for the needy, Heat and Energy Assistance Program (HEAP) can help eligible New Yorkers heat and cool their homes to name a few services available to help people in need.

"Resource Assistant, Beth Ayers, celebrated 30 years of service with the County.

"Tioga County Public Health's mission is to protect and promote the health and well-being of our community through advocacy, education, enforcement, prevention and partnerships.

"Public Health Sanitarian, Todd Kopalek, celebrated 30 years of service with the County.

"2024 saw the appointment of Corinne Cornelius as the Director of Emergency Services, previously serving as a Deputy Director, and as a Deputy

Sheriff prior to that. Corinne is a dynamic leader and has been and continues to be an essential part in the management of the Radio Communications Tower Upgrade Project throughout the County.

"In 2024, Coroner Warren S. "Stew" Bennett resigned as an Elected and Administrative Coroner. Mr. Bennett served as Coroner for 15 years since 2009 and brought an extensive amount of forensic knowledge to the County. We very much appreciate his service to the County.

"In 2024, Sheriff Gary Howard was awarded the prestigious "*Sheriff Grover Cleveland Award*" by the New York State Sheriff's Institute. The Sheriff Grover Cleveland Award is named for the only sheriff to go on to serve as President of the United States. To date, only 7 sheriffs have received this honor.

"In the Sheriff's Department, Deputy Sheriff Alan Bobier celebrated 30 years of service, Deputy Sheriff Shawn Kemmery and Civil Manager Kim Lombardoni celebrated their 25 years of County service.

"The Tioga County Probation Department works with Tioga County Court, Drug Treatment Court, Family Court, Surrogates Court and 13 separate Town or Village Justice Courts in the County. The Department prepares sensitive documents to assist those courts in making sentencing decisions for the citizens before them.

"Probation Director, Brian Cain, celebrated his 25 years with the County. Secretary to the Director of Probation, Kristen Kallin, celebrated 35 years of County service.

"The Information Technology and Communications Services (ITCS) Department was heavily involved in the upgrade of the County's 911 dispatch center. The County's 911 phone system was changed to Motorola VESTA and existing security cameras and displays were moved and upgraded. Also, a major upgrade was made to the County's Computer Aided Dispatch (CAD) system. All this activity had to be coordinated with Emergency Management, Sheriff's Office, Public Works, and ITCS.

"To say that the Department of Public Works is on everyone's speed dial, would not be an understatement. Public Works maintains County roadways & bridges, municipal buildings, and other infrastructure throughout Tioga County. Heating, cooling and carpet installation took up much time this year along with construction of a garage at the Public Safety facility, preparing for the installation of a truck wash, and remodeling of offices to accommodate updated equipment and security.

“Buildings & Grounds Supervisor Michael Bidwell celebrated his 25 years with the County.

“Economic Development and Planning works constantly on projects to improve the economy of the County and assist communities with development projects. This year ED&P assisted the Village of Waverly with public and private projects for the \$4.5 million New York Forward Program that was recently awarded. Other projects included applying for and receiving Restore NY Round 8 grant funding for property in the Village of Newark Valley, rehabilitation funding for the Village of Owego and they secured a CDBG Microenterprise grant to establish a countywide Microenterprises Assistance program for existing small businesses with 5 or fewer employees.

“The Tioga County Property Development Corporation or better known as the “Land Bank”, has been busy this year busy stabilizing and rehabilitating properties in Waverly, Owego and Newark Valley area to improve housing in Tioga County. The Land Bank continues to partner with the Owego-Apalachin Central School District to rehabilitate a single-family home in the Village of Owego with the work being accomplished by the Owego-Apalachin Central School District Building Trades Program.

“The Veterans' Service Agency had a busy year working on outreach for our veterans and military, supporting them with help in assistance for benefits and services. Following a successful career in Tioga County, the former Veterans' Service Agency Director, Michael Middaugh has moved on to another position serving the needs of Veterans at the State level. In January 2025, a selection committee was appointed to aid in the successful search for another qualified Director.

“After many years of searching, County Historian Emma Sedore found the missing Bell of Sessions. The Bell of Sessions was the official bell that was purchased in 1855 and was hung in the cupola of the Tioga County Courthouse that stood at the corner of Court Street and Main Street in Owego, NY. Over the years the bell was removed, loaned out and was lost. However, our Historian is not a person to give up and the bell was discovered in 2024 and placed at the Ronald E. Dougherty County Office Building at 56 Main Street. We appreciate Emma's value to the community and her many years of service.

“The Board of Elections experienced the cooperation of the Sheriff, ITCS and Emergency Services to ensure that the Presidential Election would be secure and prepared for any potential incidents. A Risk Assessment required by NYS was completed by ITCS staff prior to the 2024 Presidential Election. Any major issues were

addressed and remediated. A successful General Election was held with a voter turnout of 70%.

“Keeping accurate and updated records is critical to a well-functioning government and last year the three-year inventory of records was completed along with the re-organization of all records in the storage area at the HHS building. The County Clerk’s Office will be transitioning into a new records management system that will provide a more secure environment of the County’s land and court records. Our DMV office continues to be a popular place serving people from all over the Southern Tier. They are well known for their good service and helpful attitudes.

“In 2024, the Real Property Office proposed and drafted a Local Law that the County Legislature passed granting the new Volunteer Firefighter and Ambulance Worker property tax exemption. They also conducted an extensive review and update of Agricultural District information in the County Real Property database and initiated an outreach effort to Town and School Boards to increase awareness of new and updated property tax exemptions.

“In 2024, Personnel participated in the Hiring for Emergency Limited Placement Program (HELP). The HELP Program has helped remove the barriers that come with having to take a Civil Service exam to get a permanent position. This program helps address the statewide workforce shortage, and our hopes are that NYS will open it up to all titles. All these activities help to improve the hiring process for Tioga County.

“At its core, the function of the County Government is to provide services that individuals or stand-alone agencies cannot provide alone. I’d like to share some of the notable 2024 accomplishments that required multiple departments and agencies to work together to carry out.

“Early last year it was discovered that a group of homeless individuals were living on the former foundry site in Owego. Previously the Tioga Castings Foundry site had been declared a brownfield by the DEC, which was eventually remediated for industrial use. The short story is after connecting with the DEC, and much investigation the Board of Health (Public Health) deemed the Tioga Casting Facility a threat to public health. According to the Health Department, the Foundry Street property contained garbage, raw sewage, human waste, toxic materials and soil containing cancerous cadmium. Due to the contamination of the soil at the property, the Board of Health deemed the location unfit for human habitation.

“Through this process the County worked with various groups within the community, including the Department of Social Services and were able to

peacefully remove people from the site. Volunteers and service providers offered help and support to the homeless, which included rehab, housing, and other services. We appreciate the support of the Public Health Department for taking the lead on this project and for the Board of Health identifying the concern for safety and the Department of Social Services for their help and guidance. We also thank community members and organizations that helped with this effort.

"It is important to note that the Interoperative Radio Communications Upgrade project continues to be of the highest priority for the County. Many departments are working together to accomplish this project. Under the supervision of Emergency Management, we expect to see communications towers being constructed and/or refurbished this spring, which will connect the County and Public Safety Services (Sheriff, Fire, etc.) with a much-improved communications system that will provide radio communications across the County. Full completion of this project is anticipated for the spring of next year.

"As the need for accessible mental health services grows, a new facility in Waverly opened in December to offer vital support to those in the community that have struggled with limited access to care. The Mental Health Clinic was a multiyear project that came together with the cooperation of the Department of Mental Hygiene, Village of Waverly and the coordination of many county departments working to accomplish this project. We appreciate the Mental Hygiene Department for their patience and their determination to bring this project forward.

"In closing, the mission of the County is clear in how it will and continue to provide services to its residents. The value of the County will always be the citizens that we serve. Whether it's the Veterans' Service Agency taking time to visit a client at their home to ensure they have food for the week, or a Sheriff's Deputy responding to a call at 2:30 in the morning, or a Public Works employee plowing the roads during a dangerous snowstorm to ensure safe travel. The well-being of Tioga County is at the heart of all we do. Thank you!"

"Chair Sauerbrey spoke. "County Administrator Bailey was a partner in this report, and I want to give him credit."

REFERRED TO:	ED&P / AGRICULTURE COMMITTEE
RESOLUTION NO. 107-25	<i>URGE NYS TO FUND STATE-MANDATED AGRICULTURAL DISTRICT 8-YEAR REVIEWS UNDER AGM LAW ARTICLE 25-AA</i>

WHEREAS: The 2022 Census of Agriculture outlined a concerning trend in U.S. agriculture, fewer farms, reduced farmland, and larger average farm sizes; and

WHEREAS: New York is experiencing these challenges at an accelerated rate, with a 14 percent loss in farms and a 9 percent loss in farmland between 2012 and 2022; and

WHEREAS: According to the USDA 2022 Census of Agriculture, since 2017, New York State has seen a decline of 2,788 farms, including 1,865 dairy farms and 363,885 acres of farmland; and

WHEREAS: While the state achieved a significant milestone of over 100,000 acres of protected farmland in 2023, more than 98 percent of New York's farmland remains unprotected; and

WHEREAS: Governor Hochul has proposed making investments to improve "tracking of lost farmland, and capacity building within New York's network of community led land trusts to efficiently execute Environmental Bond Act dollars allocated for farmland protection;" and

WHEREAS: Article 25-AA of the Agriculture & Markets (AGM) Law, enacted in 1971, empowered counties to create and maintain county agricultural districts to protect and promote the availability of land for farming purposes through county agricultural and farmland protection boards; and

WHEREAS: Agricultural districts are a critical tool for farmland preservation and conservation, providing benefits and protections that only apply to farming operations and land used in agricultural production; and

WHEREAS: Under Section 303-a of Article 25-AA, counties are required to conduct comprehensive reviews of agricultural districts every eight years, producing the state's most detailed and accurate data about farmland conversion and agricultural viability; and

WHEREAS: The requirement constitutes a vital but unfunded mandate on counties, requiring significant staff time and resources to complete detailed parcel-level analyses, conduct public hearings, provide statutorily required notifications, and prepare comprehensive reports; and

WHEREAS: Accurate tracking of farmland changes through agricultural district reviews is essential for developing effective farmland protection strategies and targeting preservation efforts where they are most needed; therefore be it

RESOLVED: That the Tioga County Legislature commends Governor Hochul for enhancing state funding for the creation and implementation of county and municipal agricultural and farmland protection plans through Part OO of the Transportation, Economic Development and Environmental Conservation (TED) Article VII legislation; and be it further

RESOLVED: That Tioga County urges the Governor and Legislature to amend TED Part OO to include funding for the state-mandated eight-year agricultural district reviews; and be it further

RESOLVED: That since these eight-year agricultural district reviews are the primary mechanism by which New York State tracks farmland changes at the parcel level and evaluates the effectiveness of agricultural districts in protecting viable farmland, NYSAC believes state funding support for these reviews is critical to achieving the Governor's goal of improved farmland tracking; and be it further

RESOLVED: That Tioga County shall forward copies of this resolution to Governor Kathy Hochul, the New York State Legislature, Commissioner of the Department of Agriculture and Markets, and all others deemed necessary and proper.

WHEREAS: The Tioga County Agricultural and Farmland Protection Board has reviewed said report and determined that the land to be included consists of viable agricultural land and its inclusion will serve the public interest by helping to maintain a viable agricultural industry within the District and therefore recommends the Tioga County Legislature to approve this inclusion of land; and

RESOLUTION ADOPTED UNANIMOUSLY.

Sheriff Howard spoke. "The tenacity that Brian has when we are looking for somebody, especially in the Candor and Spencer area, we always go to Brian to find the person because if he doesn't know where that person is, he knows somebody who knows where that person is, or he knows somebody who knows somebody that knows where that person is. So, we are going to miss Brian in that respect, but he is not going away. He is still going to be working part-time in Candor, so be careful if you have to travel through that area. Some of the things that I am going to miss about Brian are especially in the fall when the hunting season comes around because we always make time to sit down and make a plan for the hunting season. We look at the solar calendar to see if we believe in it or not.

"Brian is a retired Master Sergeant for the United States Air Force. One year I got a package in the mail with a flag in it that was flown on a mission in a drone while he was over there and just recently, he was in Jordan loading planes with bombs and I got another flag that flew on a mission along with a patch and certificate from the pilot stating that it flew on an important mission over there. Those things are on display; one is in the administrative hallway and the other is in my office. These items are very special to us in the Sheriff's Office. Congratulations, Brian. You are going to be missed for sure. Thank you."

Chair Sauerbrey reported we have three Proclamations: ***In Memory of Kenneth Franklin Easton*** that will be read by Legislator Flesher and presented to the family of Mr. Easton, and ***Fair Housing Month*** and ***Child Abuse Prevention Month*** that will be noted in the minutes.

Second Special Meeting
April 24, 2025

The Second Special Meeting of 2025 was held on April 24, 2025 and was called to order by the Chair at 10:00 a.m. Legislators Brown, Bunce, Ciotoli, Monell, Mullen, Roberts, Sauerbrey, and Standinger were present with Legislator Flesher being absent.

Chair Sauerbrey asked Legislator Roberts to have a moment of prayer. "Dear Lord, we thank you for this day. We ask that you give us wisdom as we make decisions today that affect all our residents."

Legislator Roberts led all Legislators and those in attendance in the Pledge of Allegiance.

There were 10 people in attendance.

Legislator Mullen moved for the adoption of the following resolution, seconded by Legislator Brown.

REFERRED TO:	LEGISLATIVE WORKSESSION
RESOLUTION NO. 177-25	<i>FILL AND FUND VACANT PART-TIME DEPUTY SHERIFF POSITION SHERIFF'S OFFICE</i>

WHEREAS: Legislative approval is required for funding of all positions; and

WHEREAS: One part-time Deputy Sheriff position has been listed as unfunded since August 2012; and

WHEREAS: The Sheriff has reviewed staffing needs and has determined that this unfunded Deputy Sheriff position is needed to meet the demands of the Civil Division; and

WHEREAS: There are funds available to fund said position in account A3110.510020 Part Time Salaries; therefore be it

RESOLVED: That the Legislature hereby authorizes filling and funding the vacant part-time Deputy Sheriff position effective April 28, 2025.

Undersheriff Hallett spoke. "The short version of this resolution is that we have a position that ended up as an unfunded position. It is a part-time position in the Civil Division serving civil papers, collections, and working the window at times. We have one part-time position currently and we have the second position we would like to fill. Right now, when the part-time employee runs out of hours, we

end up using overtime with fringe for approximately \$75.00/hr. and a part-time position is \$20.00/hr. with no benefits. It is a huge savings to the County. Brian Henry recently retired and he indicated he would like to be hired in this civil position, as a part-time employee. The reason it came up as a special meeting today instead of waiting until next month's regular meeting is that he needs to attend the civil school that starts on Monday, April 28, 2025. As part of accreditation, within his first six to twelve months he would need civil certification."

ROLL CALL VOTE

Yes – Legislators Roberts, Standinger, Brown, Bunce, Ciotoli, Sauerbrey, Monell, and Mullen.

Absent – Legislator Flesher.

Unanimously Yes – Legislators Sauerbrey, Standinger, Brown, Bunce, Ciotoli, Flesher, Monell, and Roberts.

RESOLUTION ADOPTED UNANIMOUSLY.

Legislator Standinger spoke. "I think I was the only Veteran on the Legislature and then you came along and there were two of us. Now, you are gone, and I think I am the only Veteran now. Dennis, I just want to say I enjoyed our time together. It was much better than the State Police where we had to butt heads on occasion."

Dennis Mullen spoke. "First off, thank you very much for this opportunity. I hope I meet the expectations. I want to thank Grace and Sue for putting up with my lack of knowledge for the job and being patient with me on some things. I do appreciate that. I do want to express my thanks to Mike Middaugh for the job that he did as Director of Veterans' Service Agency. We have a Veterans' Service Agency that this County can be proud of. I do not think that was the case in 2016, but it certainly is now and that goes to the people that work here, Mike's leadership, and Grace and Sue for the effort they put in for the Veterans.

"My time as a Legislator, it was hard to say good-bye. It is hard to say good-bye to people you have been with for nine years and some that have passed away. Our good friend, Dale Weston, was a wonderful human being. I think about Dale every day and I miss him. Eddie Hollenbeck, I mean there was nobody that represented and loved Newark Valley like Eddie Hollenbeck and he is dearly missed. But mostly, I want to say thank you for this opportunity. I will not let you down. I know you are going to get a very qualified individual to replace me on the Legislature and that is a good thing. I will tell you that it was not always easy, but I know that you always respected my opinions about things, and I appreciate that from the bottom of my heart.

"I want to say publicly in a public meeting how much I appreciate what Cathy Haskell has done over my last nine years. You are a blessing not only to this Legislature, but to this County. You have done a fantastic job for us and kept us out of trouble, and I really appreciate your patience, kindness, and dedication to your job. It is uncommon in this world, so thank you.

"I want to say thank you especially to Marte Sauerbrey. You have been the Chair of the Legislature since I became a Legislator, and I do remember some tough times during Covid and some hard decisions that had to be made. Nobody asked me to do it, and I did not talk to anybody else, but I know Marte was putting in 50-60 hours a week or more during that timeframe and we were not compensating her properly. On my own, I asked the Legislature to consider that, and they did. I appreciate all those Legislators present that knew how hard Marte has worked for this County. She will be getting her resolution and plaque probably in January or February of 2026 and whoever dares to take on her role will have huge shoes to fill. I know you love this county, and I know I haven't always made you happy, but I know you always cared about what we were doing and the people here and that is all that really matters.

"I want to thank Bill Standinger for being my teacher, my guide in these processes and keeping my Irish under control sometimes. I can get my Irish up.

"I want to thank Tracy Monell for letting me talk this long without telling me to shut up because I know that he wants me to.

"I want to thank my family. I want to thank my wife, Kathy. She is an amazing human being, and she puts up with a lot. She cares for our special needs son who is a challenge, and she does it with grace and dignity every day, allowing me to do these types of things. She cannot be here today because we have some issues with our son, but I want her to know that she is always in my heart.

"I want to thank God Almighty that I live in this country and this beautiful area we live in.

"I want to thank all the Legislators for the time and effort that goes into doing this job. People think that it is a part-time job. It is not. You can make it as much as you want out of it. The people sitting around this table, I have seen their dedication, I have seen their struggle to do the right thing, and I can tell you the eight people that I have had the pleasure of working with have always put the people of Tioga County first. It's been what is best for the people in Tioga County and that is fantastic governance that you all should be proud of, and I would hope that you would continue in that vein. Thank you very much."

Chair Sauerbrey reported we have three Proclamations: **American Stroke Month in Tioga County** that will be read by Legislator Standing and presented to Public Health Educator Kristin Russell, and **Foster Care Awareness Month** and **Mental Health Awareness Month & Children's Mental Health Awareness Week** that will be noted in the minutes.

Legislator Standing spoke. "Before I read this proclamation, I just want to make the statement that thankfully someone I know knew what to do when I was having a stroke sixteen years ago. Sixteen years ago, to this date and time, I was sitting in ICU at Albany Medical and I was wondering what had happened to me. I am glad to be here and be able to read this proclamation again. That was a mission when I first became a Legislator to make sure that we recognize Stroke Month to prevent anybody from going through what I did."

Legislator Standinger spoke. "Since I have read this, I will say that when I had mine, I had no idea what was happening. I had no idea that I was having a stroke and fortunately I was able to call someone who came and recognized it. The fact that I am here today is due to the grace of God and the medical attention I received quickly. Although I am 67 years old now and I have a lot of health issues that are unrelated to that, I am just glad that I am here and that someone recognized I was having a problem."

Public Health Educator, Kristin Russell spoke. "Thank you, Legislator Standinger. I am sure we are all grateful that you are here today because someone recognized the symptoms of stroke. Just a quick thank you to the rest of the Legislature on acknowledging this very important month."

Sheriff Howard spoke. "I just want to highlight something that John did that really struck home for me as I had a similar case some years ago. We had a man who was reported missing from Apalachin, NY back in January 2004. After some interviews, it was found that he may have gone to New York City. After a while, the case went cold, and it became one of our cold cases. One day, John said he was going to look through some of the cold cases and he pulled out this case and started to work on it even though it is quite old. Through John's diligence, he called down to the New York City Police Department and ended up talking with the New York City Medical Examiner's office and they had an unidentified body. He did a bunch of subpoenas to get records, including banks, to try and track this missing person. He did a lot of work on this case and after a month or so he made some good contacts and found that there was an unidentified body being held. Come to find out, the body was found in May 2004, just four months after he was reported missing, but it took 17 years to put everything together. He got dental records, and they matched, and they identified the missing person. It closed our case, closed a bunch of New York City Police Department cases, but mostly what it did was it gave the family closure, and they were very appreciative of all the work he did. I just want to highlight that one case that John did in the years that he was with the Criminal Investigation Division (CID). He will be

missed. He was a good part of the team, and it is going to be hard to find a replacement of his caliber. Thank you."

John Cornwell spoke. "I want to say thank you to everybody here in Tioga County. From the get-go, I was always 100% in and I would probably still be working if it weren't for health reasons. Thank you."

Chair Sauerbrey reported we have two Proclamations: **Safe Graduation Celebration Month** that will be read by Legislator Standing and presented to Public Health Project Coordinator, Kylie Holochak, and **Elder Abuse Awareness Month** that will be noted in the minutes.

Legislator Standing spoke. "I want to say that graduation time is a time of joy but unfortunately sometimes people get out of character and do crazy things and that results in bad things."

COUNTY OF TIOGA EXECUTIVE PROCLAMATION

WHEREAS: Graduation is a significant milestone in the lives of high school seniors, marking years of academic effort, personal growth, and achievement; and

WHEREAS: This season of celebration brings together students, families, educators, and communities to honor the accomplishments of our youth; and

WHEREAS: Celebrations that include alcohol or other substances can lead to dangerous and sometimes tragic outcomes, particularly for underage individuals; and

WHEREAS: Underage drinking and cannabis use is illegal and poses serious risks to the health, safety, and well-being of our youth, including impaired judgement, accidents, and potentially legal consequences; and

WHEREAS: Parents, caregivers, community organizations, and law enforcement play vital roles in encouraging safe and healthy choices among youth; and

WHEREAS: By working together to promote substance-free celebrations, we can help ensure graduation season is remembered with joy, pride, and safety; and

WHEREAS: We recognize and commend the efforts of students who choose to celebrate responsibly and of families and communities that support their success through positive guidance and supervision; now therefore

THE TIOGA COUNTY LEGISLATURE, County of Tioga, does hereby proclaim the month of June 2025 as:

Safe Graduation Celebration Month

and urges all the citizens of our County to support and promote healthy, alcohol and substance free graduation celebrations, and to join together in preventing underage drinking and to ensure the safety of our youth during this special time.

Kylie Holochak, Public Health Project Coordinator and Project Director for the Tioga County Advocacy Support and Prevention Coalition spoke. "First, thank you for your support and proclaiming this month as Safe Graduation Celebration Month. In a 2023 survey to Tioga County youth, 32% of students surveyed reported lifetime alcohol use. In the same survey, 1 in 4 high school seniors reported using alcohol in the last 30 days and almost 10% reported binge drinking in the last two weeks. Of the students that reported alcohol use, almost 50% of those students reported that they got alcohol at home with their parent's permission, which is very alarming. This month is not just geared toward our youth. We want to remind parents, caregivers, family members, and those over the age of twenty-one that they should not be supplying alcohol to minors. It is illegal, unsafe, and irresponsible. Through our recent campaign, 'Be a Parent, not a Bartender', and by proclaiming June as Safe Graduation Celebration Month, we hope to raise awareness around preventing underage drinking and decreasing youth alcohol use. Thank you again for your support."

COUNTY OF TIOGA EXECUTIVE PROCLAMATION

WHEREAS: People who are elderly or have disabilities have contributed to the general welfare of Tioga County by helping to preserve customs, convictions, and traditions of many people from diverse backgrounds; and

WHEREAS: These residents are vital and integral members of our society, and their wisdom and experience have enriched our lives; and

WHEREAS: The health and well-being of disabled and elderly people in our county should be one of our highest priorities and of concern to all Americans; and

WHEREAS: People who are elderly or have disabilities are among the most important resources of our county, and it is fitting that we recognize the need to protect their health, safety, and rights; and

WHEREAS: Abuse of the elderly and people with disabilities in domestic and institutional settings is a widespread problem, affecting hundreds of thousands of people across the country; and

WHEREAS: Elder abuse is underreported because the elderly who are being abused find it very difficult to tell anyone and are usually ashamed and sometimes afraid; and

WHEREAS: Elder abuse happens to men and women of all income levels, all cultural and ethnic groups, whether they are in good health or incapacitated in some way, in poor neighborhoods and in suburbia; and

WHEREAS: Many of the cases investigated by Adult Protective Services in New York involve self-neglect or financial exploitation and it is our duty as citizens to reach out to people in need; now therefore

THE TIOGA COUNTY LEGISLATURE does hereby proclaim the month of June 2025 to be

Elder Abuse Awareness Month

in Tioga County and urge all citizens to work together to help reduce abuse and neglect of people who are elderly or have disabilities.

Chair Sauerbrey reported we have two people for privilege of the floor.

Marita Florini, Dr. of Nursing Practice, Town of Newark Valley resident spoke. "I thank you for the opportunity to speak. I am here today as a concerned resident of Tioga County. I am a retired Nurse Practitioner, and I have to tell you one of the most difficult conversations I remember having in my internal medicine practice was with patients who did not have health insurance. Patients who clearly told me that they had to pick and choose what they could afford regarding medications, tests, etc. and often went without care because of the lack of insurance.

"Ladies and gentlemen, what you have before you is a draft resolution that highlights the concerns, we in Tioga County have with the Budget Reconciliation Bill as it is now in the Legislature. If adopted as written, it will create an extremely difficult situation for our communities. Not only will property taxes likely have to increase to support Medicaid and similar programs, but working families will have greater costs related to their own health care and food requirements. This Bill severely impacts middle America and those Americans with limited incomes. Our communities have an opportunity to speak as one no matter what circumstances in life. Those of us here today ask that you review, adopt, and present this resolution that firmly and clearly states the hardships this Budget Reconciliation Bill will cause the Southern Tier. Our specific request is that you review this draft resolution at the appropriate workgroups

and that we all come back together in July with a decision that will forward this resolution to our Senators, Congressmen, the community, and the media. Thank you for your time. Thank you for the opportunity to work together on this endeavor."

Sister Mary O'Brien, Village of Owego resident spoke. "Thank you for your time today. I appreciate it very much. I would like to speak about the Bill that is before the Senate that has been passed by the House 215-214 and my deep concern about it.

"Roughly 80% of the residents whom we serve here at Tioga County Rural Ministry have Medicaid and without it they would have no health insurance, no transportation to medical appointments for themselves and their children. I have been serving on the Commissioner's Advisory Committee now for thirteen years. During that time, Commissioner Shawn Yetter, has told us year after year that there is next to no fraud or abuse in our county.

"Post-Covid, as food and fuel prices rose, we at Tioga County Rural Ministry decided to welcome anyone in the county to our food pantry and encouraged them to come as often as they needed. They do not abuse this privilege. As many of you know, our two signature programs are the food pantry and financial assistance. Last year, the number of people visiting our pantry increased by 38%. In the first five months of this year, we are seeing an average of 60 more visits each month. Feeding America tells us that for every meal that a food bank can provide, SNAP (the most successful anti-hunger program) provides nine meals. Think about the potential cuts to SNAP and what that will mean for our families.

"Since 2024, we have been witnessing an anomaly at Tioga County Rural Ministry. In my history, the highest number of full-time employed financial aid requestors that we have ever seen in a given year was 76. We always lauded ourselves that we could say people were working part-time, some full-time. We were very proud of the number 76. In 2024, that number jumped to 195 full-time employed people seeking financial aid.

"Our financial assistance requests have skyrocketed. In the past, a typical heavy month would be 28 requests for financial aid. Last month, there were 49 requests and 28 of these 49 requests were new families who have never been to us before and 30 of the 49 requests were full-time employed. The previous month was 48 financial aid requestors, of which 22 were new to us and 24 were full-time employed. I think these statistics are jaw-dropping. This was all before May 1, 2025 when NYSEG had a 40% rate increase. We haven't seen this impact yet.

"The Bill currently before the Senate, if passed "as is", will devastate the most vulnerable members among us. These are our friends and neighbors. FDR in his wisdom back in 1937 proclaimed 'the test of our progress is not whether we add more to the

abundance of those who have much; it is whether we provide enough for those who have too little'. Thank you."

Chair Sauerbrey spoke. "Just so you are not offended that we are not responding that is our normal procedure. We will take the information in. Thank you all for your time and consideration."

Legislator Monell made a motion to approve the minutes of May 13 and 22, 2025, seconded by Legislator Brown and carried.

n. GIFTS AND DONATIONS**GIFTS AND DONATIONS POLICY****I. PURPOSE**

Establish clear guidelines for the overall management of gifts and donations to the Tioga County government by ensuring that all donations align with Tioga County's mission and services while maintaining transparency, ethical standards, and legal compliance.

II. SCOPE

This policy applies to all Tioga County departments, employees, volunteers, and appointed or elected officials of Tioga County regarding the acceptance of gifts, donations, or in-kind contributions from individuals, corporations, organizations, or other entities.

III. DEFINITIONS

"County" refers to any department, employee, volunteer, and/or appointed or elected official of Tioga County.

"Charitable Gift" is any item of value, including but not limited to money, bonds, assets, services, equipment, real estate, or personal property, voluntarily transferred to a cause without compensation.

"Donation" is a voluntary transfer of a charitable gift made by a donor to the County for a specific or general purpose. This term may be used interchangeably with "gift" (see: "Gift").

"Donor" is any person, estate, business, or legal entity that executes, attempts to execute, or reveals the intention to transfer the value of a gift to the County.

"Gift" is the value of any item, including but not limited to money, bonds, assets, services, equipment, real estate, or personal property, voluntarily transferred to an individual without compensation.

"In-Kind Donations" refer to non-monetary gifts, such as goods, services, or expertise, given in lieu of cash.

"Restricted Donations" refer to monies or any other financial instruments donated that are permanently regulated for specific allocation.

"Solicited Donations" are gifts received in response to active fundraising (internet, fliers, letters, radio, etc.).

"Unrestricted Donations" refer to monies or any other financial instruments donated that the County may use for any purpose and often go toward operating expenses.

“Unsolicited Donations” are gifts received freely by an individual or group wishing to donate, not in response to active fundraising.

IV. GENERAL POLICY

a. Types of Gifts and Donations

i. Solicited Donations

1. Tioga County does not permit the acceptance of solicited donations and prohibits the active solicitation of donations except for the following:
 - a. Rabies Clinic(s) donations.
 - b. Grant related in-kind contributions.
 - c. Pass-through in-kind social welfare efforts (coat drives, toys, backpacks, holiday gifts for foster children, etc.)
 - d. Any donation provided that does not directly benefit County operations but is provided directly to a member of the community in need.

ii. Unsolicited Donations

1. The County may accept unsolicited donations if there is no conflict of interest or risk of undue influence.
2. Such donations must be reviewed by the Department Head
3. Donors must provide their name, address, and phone number on the donation receipt for internal compliance and must select “This is an anonymous donation” to have their donation kept anonymous.

iii. Gifts

1. Gifts of nominal value directed to individuals, less than or equal to \$75 as per the County Ethics Policy, may be accepted if they do not create a conflict of interest.

iv. In-Kind Donations

1. The County may accept in-kind donations such as equipment, supplies, or services if they meet the same criteria as monetary gifts.
2. Such donations must also be evaluated by the Department Head responsible prior to acceptance.

v. Real Estate Donations

1. As a best practice, any offer of real property should undergo legal and environmental review before acceptance to ensure the property is free of legal encumbrance, environmental hazards, and any other liabilities.
2. All property acquisition communications shall be conducted via executive session.

vi. Restricted Donations

1. Department Heads may choose to accept a donation that is restricted to a defined purpose or timeframe with consideration of the County's ability to appropriately use the funds for the intended purpose and the amount of administration that would be required.

ROLL CALL VOTE

RESOLUTION ADOPTED UNANIMOUSLY.

Chair Sauerbrey reported we have three people for privilege of the floor.

Jocelyn Bostwick, Waverly resident spoke. “My name is Jocelyn Bostwick and this is my son, Bellamy. He is 11 months old and was born with Cystic Fibrosis. He takes prescription vitamins and medications throughout the day to help him absorb nutrients. I had to leave my job to become Bellamy’s full-time caregiver. His care is too complex for daycare and managing his medications and treatments is a full-time job in itself. My husband works hard, but his income barely covers our basic bills. We rely on services like Medicaid and food pantries just to care for our children and meet their most essential needs.

“Without Medicaid, we would not be able to afford Bellamy’s medications, equipment, or the specialists who monitor and treat his condition. With a disease like Cystic Fibrosis, there is no margin for error. A lapse in care can quickly become life threatening. It is not dramatic to say that without Medicaid, Bellamy could die. I know you guys face hard decisions, but I am asking you to remember that the choices you make here at the County level shape access to care for families like mine right here in your community. This is not just about numbers, it is about children, and it is about survival. Because of programs like Medicaid, children with Cystic Fibrosis are living longer than ever before but only if they have consistent access to care and the support systems that make that care possible. My greatest hope is that Bellamy will grow up healthy enough to run around with his big brother and that he will go to school, play outside, and live a full joyful life. Thank you for listening and thank you for seeing the real faces behind the policies especially this one right here in my arms.”

Scott Hiley, Waverly resident spoke. “Good afternoon. Thank you for allowing me to speak. My name is Scott Hiley and I am a resident of the Village of Waverly. Let me begin by expressing my solidarity with the people of Newark Valley and everyone impacted by the flooding. I hope and I know this body will do everything in its power to help with the recovery.

“But I am here today to talk about another man-made disaster and your response to it. I was one of the people who came before you last month with a

draft resolution about protecting Medicaid and SNAP programs. Our request I felt was a pretty reasonable one. We weren't asking you to appropriate funds, levy a tax, or pass any new legislation and we weren't asking you to sign on to some kind of partisan proclamation against the Trump administration and its priorities. The draft resolution we prepared focused on an immediate threat to health, jobs, and medical services in our communities. It was backed by non-partisan research and the people who came before you to speak for it did so on the basis of decades of experience in local government, health care, and social services.

"At a moment when Congress is enacting unprecedented cuts to programs that thousands of your constituents depend on, signing on to a resolution signaling your concern about those cuts seemed like the least you could do and yet you found a way to do so much less.

"I do not know if the Morning Times is here today. If they are, I would like to take this opportunity to thank them because if it weren't for their reporting we would not know what happened to our resolution. When the Chair asked at your Worksession if anyone wanted to bring the resolution to the floor for a vote, no hands went up. One Legislator, Mr. Standinger, delivered what I take to be the opinion of the body since he is the only one who spoke, and no one took issue with his remarks. Mr. Standinger's position was that everything will be okay. That the budget cuts target fraud, waste, and abuse and there is no fraud, waste, and abuse in Tioga County, so nobody has anything to worry about, and anyone who suggests otherwise must be part of some big city conspiracy. That position along with your dismissive handling of the resolution more broadly reflects a failure to understand the situation facing your constituents.

"Medicaid and the ACA are part of the infrastructure of our healthcare system, which makes up one-sixth of our entire national economy. Cutting over a trillion dollars from those programs to address fraud, waste, and abuse is like using a sledgehammer to drive in a finish nail. It is going to have an impact well beyond what is intended. Especially here in rural areas, we all depend on Medicaid regardless of how much money we make or where we get our insurance. Deep cuts, eligibility changes, and new work and enrollment requirements designed to disrupt access to these programs will affect our jobs, taxes, cost, and availability of healthcare for all of us.

"Moreover, as the Executive Director of Tioga County Rural Ministry made clear to you when we were last here, Tioga County is already facing a deepening crisis of poverty and food insecurity or more accurately a crisis of affordability where more and more people are priced out of the basic necessities of life. Deep cuts to SNAP, Medicaid, and the ACA in this budget that was recently passed will exacerbate that crisis. Poverty, hunger, and lack of

access to healthcare might be easier to ignore than flash floods, but they are no less destructive to our communities.

"I know this body's scope of action is limited. No one expects you to fix the shortcomings of Federal or State law or to have all the answers for the interlocking crisis facing our nation. What we do expect as residents of this County is that you demonstrate an awareness of the conditions in our communities along with some willingness to fight for the interests of your constituents, including the marginalized and vulnerable.

"Mr. Standinger accused us of being outside agitators, but based on your dismissive approach, it seems that you are the ones who are disconnected from the people of this County. You are the ones who seem to be out of touch pushing an outside agenda that has no relation to the needs of our communities.

"Respectfully, if this resolution was a test it seems to me that you failed and that the people of Tioga County deserve better. Thank you."

Joan Davis, Owego resident spoke. "Good afternoon. I am Joan Davis, and I am a resident of Owego, NY. I wear many hats in this community, so I want to be clear that I am representing and speaking for myself, as a 55-year resident of this community.

"I was disappointed, offended, and angry when I read Matt Freeze's article in the Morning Times on the Legislature's response to the resolution that several of us presented to you at the June Legislature meeting. We were labeled as a small group of residents. Is it a small group when 10 residents come before you with a resolution signed by four of them? How many people come to these meetings unless there is a ceremony like the Detective's retirement? Next, it is disappointing that there was no discussion about the resolution. Items such as this resolution should be discussed. The resolution was given to you labeled as a draft so that you could discuss the intent and substance of the resolution. Clearly, the intent of the resolution was ignored. The Morning Times article mentioned nothing about Sister Mary O'Brien's impassioned plea or the data she presented about how much more need the Tioga County Rural Ministry has been seeing recently. Some in the audience were actually in tears as they listened to her.

"My anger comes from being treated as if I, the others that helped draft the resolution, and those who attended to support us, were invisible and even worse by labeling our resolution as part of a plan by outside interests. How many years does it take to not be an outsider? Two of you know me from your attendance at Owego Free Academy and I taught the wife of another one of you. I have

never stopped volunteering. I filled sandbags trying to keep the creek from flooding the village in 1972. I housed flood victims in my home in 2011. Are 55 years of public service and as a resident not enough to be considered part of this community? This claim of outsiders needs to stop. We came to you to discuss a community problem because we were concerned about the community. Our request was ignored.

"In addition, the suggestion that I or anyone who supported the draft resolution is trying to ensure that fraud continues is not only infuriating, it's slanderous. Mr. Yetter's analysis that there is little fraud in Tioga County is consistent with the data put forth in the New York State Comptroller's February 2025 audit of the period from October 2023 – March 2024. The audit showed that improper payments made up only .03 percent of the payments in New York State in that period. The State Comptroller's Office stated that it was facilitating reclamation of those improper payments and prosecuting the perpetrators when it wasn't simply a billing mistake. However, the discussion of where fraud is occurring, locally versus metropolitan areas, is not relevant to the resolution that was brought before you. The point was that there is not enough fraud in the entire system to balance out the cuts that have now been made and, therefore, people who legitimately need assistance won't be getting it. Some people will be thrown off these programs due simply to the additional paperwork requirement. Considering other cuts, staff will not be available to quickly process the paperwork that is submitted. This is occurring at the same time that increasing numbers of working families in this community are seeking additional help, as Sister Mary clearly stated.

"We asked you to come together with us as a community to help. I do not know what you can do now for the poor, elderly, and children of Tioga County, however, please stop referring to your constituents as outsiders and especially as outsiders who want to benefit from fraud. The accusations without proof are both reckless and despicable. Your lack of interest in this issue and your blatant disrespect for your constituents are both troubling and sad.

"In closing, however, I respectfully request that you cease the baseless accusations and instead act together in good faith to seek solutions to the issues facing our community. Thank you."

*Public Hearing
NYS CDBG Application – 2025 Program Year
July 24, 2025*

The Public Hearing on public comments on Tioga County's community development needs, and discussion on the possible submission of one or more Community Development Block Grant (CDBG) applications for the 2025 program year was called to order by the Chair at 10:02 A.M. Legislators Aronstam, Brown, Bunce, Ciotoli, Monell, Roberts, Sauerbrey, and Standinger were present with Legislator Flesher being absent.

There were five people in attendance.

The Clerk read the legal notice as published in the official newspapers.

Sara Zubalsky-Peer, Economic Development Specialist spoke. "The New York State Homes and Community Renewal allows funds from the government for the Community Development Block Grant (CDBG) program. It can assist us in projects ranging from infrastructure like water and sanitary upgrades, home repair grants, public facilities improvements for senior centers and community centers, and demolition of blighted structures under their Administration Program. It can also help with small business loans.

"We are holding this public hearing to allow us to receive input to apply for these funds for potentially multiple projects. It is only available to municipalities, so cities, towns, villages, and counties are the applicants, but we have the ability to sub-grant the funds. So, in this case, one of the projects is the demolition of blighted projects for the Land Bank and as part of the process we solicit public input if anyone has any suggestions for projects that might fall under the eligibility criteria."

Legislator Monell spoke. "How much is the grant for? What is the dollar amount?"

Sara Zubalsky-Peer spoke. "We do not have a set dollar amount at this point. We have to go through this process first to see what potential projects come in and then a dollar amount will be established for the application."

Legislator Aronstam spoke. "Is this the program where different municipalities seek a certain amount of dollars where you grant the funds and they administer it or is it for a specific project?"

Sara Zubalsky-Peer spoke. "We have to apply for specific projects under those different categories. The funds would come to the County and then the County would sub-grant to the municipalities."

Chair Sauerbrey spoke. "Sara, have you received any input regarding the pull back or slowing down of funds because I was reading there is a potential cut back in CDBG funds and delay in funding?"

Sara Zubalsky-Peer spoke. "We reached out to Homes and Community Renewal and their consultant and at this time the funds are currently still there, so they are accepting these applications under this round of funding. They are not sure about future funding availability."

Chair Sauerbrey spoke. "I am thinking that you have specific plans in mind for the Land Bank. All the money seems to have shifted to housing apart from manufacturing. The Land Bank is the one that can apply for funding to get projects done. Over all the years I have been here, I have watched this economic development process. For years, it was manufacturing where we did the Best Buy, Fed Ex, Crown Cork & Seal projects. Now, it has changed to housing, and this is where the funding is directed so the Land Bank now is very active and has a great opportunity to make headway in the community by cleaning up housing, rehabilitation of housing, etc."

Legislator Roberts spoke. "Do they have plans for standing infrastructure like sewer and water for these sights or funding to upgrade?"

Sara Zubalsky-Peer spoke. "Right now, all the sights we have in our inventory already have access to all utilities. Under this, we are specifically looking to subsidize the demolition costs of some of the properties we are acquiring because it would free up our Land Bank Initiative funding, which is much more flexible, so we can apply this funding and put it to other project costs. At this time, we do not have any plans to do infrastructure under our current grant funds."

Legislator Brown spoke. "How many properties are you looking to demolish?"

Sara Zubalsky-Peer spoke. "Right now, we have two properties, but we might have additional ones."

Legislator Aronstam spoke. "Do you put requests out to the municipalities to determine what blighted properties they have?"

Sara Zubalsky-Peer spoke. "I believe ED&P Director Woodburn has done some outreach. Right now, we are basically dealing with properties within our

current inventory because of the recent Supreme Court case. There have been complications on how they can receive properties from local municipalities, so we have not pursued that avenue at this point. This specifically is for properties currently in our portfolio."

Legislator Bunce spoke. "You mentioned the Supreme Court decision that changed the way you receive properties. Can you explain this?"

Sara Zubalsky-Peer spoke. "There was a Supreme Court case that occurred where someone came in after the fact when a County did a foreclosure process and gave properties to their Land Bank. Someone came in and stated they actually had a right to that property after the fact saying the County made a profit of the property, so now it changed the rules that generally the property has to go through two public auctions and not sell at the auction before the County can give the property to the Land Bank."

There being no further comments, the hearing was adjourned at 10:12 A.M.

Eighth Regular Meeting
August 12, 2025

The Eighth Regular Meeting of 2025 was held on August 12, 2025 and was called to order by the Chair at 12:00 P.M. Legislators Aronstam, Brown, Bunce, Ciotoli, Monell, Roberts, Sauerbrey, and Standinger were present with Legislator Fleisher being absent.

Chair Sauerbrey asked Legislator Brown to have a moment of prayer. "Lord, thank you for letting us gather today to continue conducting the business of Tioga County and give us the power to be able to lead the County in the right direction."

Legislator Brown led all Legislators and those in attendance in the Pledge of Allegiance.

There were 8 people in attendance.

Chair Sauerbrey asked for a Moment of Silence in memory of Dr. John B. Bezirganian who passed away on July 18, 2025. Dr. Bezirganian worked as the Medical Director for Tioga County Mental Hygiene for nearly seven years and prior to this provided contracted services for the clinic. He was dedicated to helping the most vulnerable populations. He meant so much to all of us and the thousands of people he has helped. The Director of Community Services, Lori Morgan, remembers the day he agreed to come to Tioga County full-time and she was honored. He loved working here and formed many friendships along the way. He certainly will be missed but never forgotten.

Chair Sauerbrey reported we have one Proclamation; **Immunization Awareness Month** that will be noted in the minutes.

COUNTY OF TIOGA
EXECUTIVE PROCLAMATION

WHEREAS: August is National Immunization Awareness Month. Immunizations are deemed one of the greatest public health accomplishments of the 20th Century; and

WHEREAS: Immunizations are a safe, proven way to protect everyone, especially children, from serious communicable diseases; and

WHEREAS: Childcare facilities, preschool programs, schools, and colleges are prone to outbreaks of infectious diseases; and

WHEREAS: Immunizations are an important part of a healthy pregnancy and allow the mother to pass protection to her baby. Women should be up to date on their immunizations before becoming pregnant and should be immunized against RSV, flu, and whooping cough during pregnancy; and

WHEREAS: Coverage rates for children aged 24 months that received their recommended vaccination series increased from 42% to 59% over the past year; however, there is still much improvement to be made, therefore

THE TIOGA COUNTY LEGISLATURE, County of Tioga, does hereby proclaim the month of August 2025 as:

IMMUNIZATION AWARENESS MONTH

and urges the citizens of our County to receive all recommended immunizations for themselves and their children to prevent the spread of preventable diseases.

Chair Sauerbrey reported we have two people for privilege of the floor.

Kermit Bossard, Town of Spencer resident spoke. "Good afternoon. My name is Kermit Bossard, and I am the past Chairman of the Spencer Food Cupboard for quite a few years and now Treasurer and grant writer. You all know Spencer; small rural, not very rich; poverty in fact. What we do in the Spencer Food Cupboard is distribute food twice a month in the morning and twice a month in the afternoon and lots of times in between. We also deliver food to those in need.

"I would like to give you numbers for just Spencer, not the rest of the County. In Spencer, pre-Covid, we were serving 931 families: approximately 2400 individuals. Right now, we are serving 2500 families pushing 7,000 individuals. That is about a 250% increase; that's a lot of families and there is a lot of need out there. Our food costs, pre-Covid, were approximately \$18,000. Our food costs now are about \$90,000. The Food Bank of the Southern Tier kicks in a little bit because they get grants from Federal and State, and they are able to pass them on to us. Our food costs, pre-Covid, after the grants from the Food Bank of the Southern Tier was about \$13,000. Now, we are looking at about \$52,000. That is about a 400% increase. The value of that is about \$250,000 for the 80,000 meals that we provide. Back in June 2025, Sister Mary O'Brien came to you, as I was reading in the paper, and talked about families in need, use of SNAP, and the changes that are happening and what that means for families. I believe your response was 'Federal program cuts are not a problem or concern for us'. They are a concern. Our numbers are going up this year again. The cost and the numbers of families have not been fully realized even. We work closely with

the school. They talk about kids coming to school hungry all the time. Teachers, nurses, and so forth. Not like the extreme hunger we see in war zones, but hungry, nevertheless. Food insecurity. I see it as I greet families that come to us. I work parking cars as they wait in line to go into the food pantry. What they talk about is that the rent is going up, the utilities are going up, the pharmaceutical costs are going up, the cost of food is going up and there is much more demand coming to the Spencer Food Cupboard. For us, that means raising more dollars to pay for that food. It's tough in a small rural community with not a lot of industry. The need is not political. Here in Tioga County, we have a Health Department that is tasked with providing health for families all over the County. I am sure that they have reported on food insecurity around here. What we have in our pantry and in every food pantry in the County are health workers that are providing food for families in Tioga County. We have about 75 volunteers out there helping us do the job that we do. These volunteers are part of the health system, if you will, in Tioga County. We operate just as an arm to help keep residents healthy.

"So, the question is why the County isn't helping those pantries out there that are now struggling because they do not have the money to provide the food for the increased need. That's the question. Already USDA is cutting some of the things that we rely on. Local farm programs have been cut. The SNAP benefits are being cut. The free food has been cut. We see that already; it's not down the line; we are seeing it now. If we continue, we are going to have to really look at how we feed the hungry. After all, it's a moral issue; not a political issue. The Bible tells us that our job is to feed the hungry and that is what we are trying to do out there in the County. We have about 50 families that we deliver food to every month. The only thing keeping our food cupboard together is grants from foundations and I do not know how long we can keep that up. We go to the grant foundations year after year and how long are they going to keep doing that. I do not know, but Tioga County used to give money to the pantries out there through Tioga Opportunities who would then give us the dollars in a grant that provided a little bit of help to us and that is what we are asking now. Just a little bit of help. We are not asking for the County to provide the whole \$50,000. Last year, we had 125 different donors (residents) of Spencer and Van Etten give to our food pantry, so we are not asking for all of it, we are asking for a slice and something we can depend on and go back to you year after year that would help us. Also, helping us to write grants because that provides the foundation for those grants that we ask for. Thank you and I would entertain any questions you may have."

Sarah DeFrank, Food Bank of the Southern Tier spoke. "Thank you so much for this generous time. I do want to say that I have a more comprehensive presentation that I would love to give at some point to any interested body in

the Legislature. Let me know if you are interested and I can come do a presentation for you.

“Good afternoon. My name is Sarah DeFrank, I am the Director of Policy, Program, and Partnerships of the Food Bank of the Southern Tier. As some of you are aware, the recent instability caused by policy changes at the Federal level have caused some concern amongst our pantry partners, amongst the larger network across the nation.

“From a food bank perspective here locally in the Southern Tier, we have lost fifteen trailer truckloads of USDA food that was prime perishable nutrient dense type foods and due to those cancellations of the Commodity Credit Corporation that represented an equivalent of 215,408 meals valued at over \$434,000. So, since that loss, the loads were replaced with food that has similar poundage, but not necessarily in product type. So, what we were getting before or what we were scheduled to receive were perishables like meat, dairy, eggs and what we received was dried fruit and nuts. We were going to get the meal and then we got snacks or trail mix. Pantry partners are stressed as they are not getting the right products to make a full meal. I just want to point out that we are working very hard to advocate at the Federal and State level to ensure we are still getting funding and that pantry partners are getting what they need. But we are not going to be able to shoulder the upcoming cuts to SNAP and Medicaid. Specifically, the SNAP (Supplemental Nutrition Assistance Program) cuts as they would be devastating to the program and the progress we have been able to make here in Tioga County and the other five counties we service. Nationally, 9.5 billion meals per year from SNAP were or will be removed; that is 1.5 times the amount of the National Feeding America Networks ability to provide food. So, that is just saying that SNAP does the work much better and efficiently. We will not be able to meet that need. What we like to say is that charity is not going to fix that. SNAP in Tioga County monthly brings 855,000 based on the May 2025 OTDA (Office of Temporary and Disability Assistance) caseload. So, what we say is that there is an economic benefit or generator for every SNAP dollar (\$1.50 - \$1.80) and what we are assuming is that most recipients of SNAP in Tioga County also spend that money in Tioga County for an economic impact of \$1.2 – \$1.5 million dollars in Tioga County.

“I also want to address the proposed cuts to Medicaid and what that might look like for folks in Tioga County. Those cuts are almost three times as much as the proposed SNAP cuts are and what we are worried about and I know what Kermit Bossard just spoke to is that people are making really hard decisions right now; are they paying a bill, are they going to the doctor, are they filling their prescriptions, and when we put these medical needs off we have higher costs at emergency rooms and I think everyone here understands that.

"One of the other things that I want to point out, but I feel like I am preaching to the choir here is the municipal consequences of SNAP cuts. A lot of other municipalities are stating there is going to be an increased demand for city and county services. Obviously, with lost revenues and a reduced service capacity I am very concerned about the administrative changes that are coming down from the State to the local County Department of Social Services. What is that going to look like? Will people be able to get those benefits?

"My ask is that we work together in learning and understanding what the actual impact to each county in the Southern Tier, of course, Tioga County. I would also love again to do the presentation I spoke about earlier. It is much more comprehensive and includes some statistics that are in the folders I handed out.

"I think some of you know there has been work to start establishing a food council here in Tioga County. Theresa Crouse is leading that effort and holding a lot of community meetings. I know Kermit has attended one, but I would just ask and invite all of you to attend those meetings out of interest and understanding where you could participate perhaps.

"That is all I have today. Thanks so much. I appreciate your time."

Legislator Roberts made a motion to approve the minutes of July 15 and 24, 2025, seconded by Legislator Monell and carried.

Legislator Standinger introduced Local Law Introductory No. B of 2025.

County of Tioga

Local Law No. XX of the Year 2025.

A Local Law authorizing twelve (12) and thirteen (13) year old licensed hunters to hunt deer with a firearm or crossbow during hunting season with the supervision of an adult licensed hunter.

Be It Enacted by the Legislature of the County of Tioga as follows:

SECTION 1: LEGISLATIVE INTENT

New York State Department of Environmental Conservation's (NYSDEC) Youth Deer Hunting Pilot Program (Environmental Conservation Law § 11-0935) has been

extended from December 31, 2025 to December 31, 2028. Tioga County participated in this pilot program by way of Local Law No. 3 of 2021 with a sunset date of December 31, 2023 and Local Law No. 1 of 2024 with a sunset date of December 31, 2025. It is the intent of this Local Law to authorize Tioga County to permit twelve (12) and thirteen (13) year-old individuals to participate in the extension of the NYSDEC Youth Deer Hunting pilot program in accordance with Environmental Conservation Law § 11-0935 for the fall 2026 and beyond as long as the State law continues to be extended.

The enacted 2025-2026 New York State Budget extended the pilot program allowing counties to opt-in by way of Local Law to provide an opportunity for young hunters, ages twelve (12) and thirteen (13), to continue to hunt deer with firearms and crossbow through 2028 if a county authorizes such action within their municipality. Tioga County is passing this Local Law, as hunting is a valued tradition for many families and this continued opportunity allows experienced, adult hunters to introduce the value of hunting to the next generation. Furthermore, teaching young people safe, responsible, and ethical hunting practices will ensure a rewarding experience for the youth, while providing quality food to families and contributing to important deer management population control practices.

SECTION 2: PILOT PROGRAM AUTHORIZATION

Pursuant to Environmental Conservation Law, ECL § 11-0935, Tioga County elects to participate in the extended pilot program to allow for young hunters, ages twelve (12) and thirteen (13), to hunt deer with a firearm, to include rifles, shotguns, and muzzle loaded firearms or crossbow through 2028 and beyond as long as the State law continues to be extended.

SECTION 3: STATE REQUIREMENTS TO ADHERE ONCE AUTHORIZED

Twelve (12) and thirteen (13) year-old licensed hunters shall be allowed to hunt deer with the following requirements to be followed:

- A. Twelve (12) and thirteen (13) year old licensed hunters shall be under the supervision of a licensed adult hunter, age twenty-one (21) years or older, with a rifle, shotgun, or muzzle loading firearm in areas where and during the hunting season in which such firearms may be used; and
- B. Twelve (12) and thirteen (13) year old licensed hunters shall be allowed to hunt under the supervision of a licensed adult hunter, age twenty-one (21) years or older, with a crossbow during the times when other hunters may use crossbows; and

- C. Supervision of a licensed adult hunter, age twenty-one (21) years or older, with at least three (3) years of experience who exercises dominion and control over the youth hunter at all times is required; and

All licensed twelve (12) and thirteen (13) year old hunters, as well as their adult supervisors, shall be required to wear fluorescent orange or pink clothing while engaged in hunting to an extent and covering so designated pursuant to the law, rules, and regulations promulgated by the State of New York; and
- E. All licensed twelve (12) and thirteen (13) year old hunters shall remain at ground level while hunting deer with a crossbow, rifle, shotgun, or muzzleloader; and
- F. Notwithstanding any State or Federal Law to the contrary, this local law shall not authorize the hunting of bear by twelve (12) and thirteen (13) year olds with a firearm or crossbow.

SECTION 4: LOCAL LAW FILING REQUIREMENTS

A copy of this Local Law shall be sent to the New York State Department of Environmental Conservation as well as the New York State Department of State.

SECTION 5: SEVERABILITY

If any clause, sentence, paragraph, subdivision, section or part of this law, or the application thereof to any person, individual, corporation, firm, partnership, entity or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgement shall not affect, impair, effect, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this law or in its application to the person, individual, corporation, firm, partnership, entity or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

SECTION 6: EFFECTIVE DATE

This Local Law shall take effect January 1, 2026 in accordance with Section 27 of the Municipal Home Rule and will remain in effect pursuant to Environmental Conservation Law (ECL) §11-0935.

 - a. Purchase of Food and Beverage
 - i. Permissible Meetings/Trainings/Special Events
 - ii. Prohibited Expenses
 - b. Purchase of Supplies and Small Electronics/Appliances
 - c. Purchase of Gas Cards and Gift Cards
- III. Considerations
- IV. Compliance
- V. Effective Date

I. PURPOSE

Establish a standard purchasing and procurement procedure regarding food, beverage, supplies, small electronics/appliances, gas cards, and gift cards for all County departments to ensure and enforce the policies established by the Tioga County Legislature in regard to the expenditure of public taxpayer funds.

II. GENERAL POLICY

Funds used for the purchase of food, beverage, supplies, small electronics/appliances, gas cards, and gift cards must be allocated in the department's annual budget and purchases should be kept to a reasonable amount to avoid overstocking items and also running over budget.

This policy must be followed regardless of the source of funds and whether that source allows for funds to be used for a particular purpose. Purchases must be allowed within the purchasing policies of Tioga County and in accordance with all Federal, State, or Local Grant requirements. The County's Purchasing and Procurement Policies are often more restrictive than what is required under Federal, State, and Local Grant fund sources.

Any employee who violates the terms of the County's purchasing policies shall be personally responsible for reimbursing the County if return of purchase to the vendor is not possible.

Any purchase supported by this policy is strongly encouraged to be procured within Tioga County.

a. Purchase of Food and Beverage

In recognition of the time and effort devoted by volunteers serving on Legislatively appointed Boards, County funds (Local, State, & Federal) may be used to purchase light refreshments in an amount not to exceed \$150.00. Employees present at such meetings are also welcome to consume refreshments, but staff meetings and Legislative meetings are excluded from the food and beverage purchases.

In addition to our volunteer Boards, the Legislature also recognizes specific meetings, trainings, or special events where the purchase of food and beverage is permissible.

i. PERMISSIBLE MEETINGS/TRAININGS/SPECIAL EVENTS (NOT TO EXCEED \$150.00):

- a. Boards whose members are appointed by the Tioga County Legislature
- b. Recognition ceremonies organized by the County's Employee Recognition Program (exempt from threshold limit)
- c. Institute for Advancement (I4A) (exempt from threshold limit)
- d. Meetings with State and Federal Elected Officials
- e. Business meetings with non-county business associates (Employees only will be held at the per-diem rate established for the specific meal.)
- f. Health and Human Services and Veterans' clientele light refreshments
- g. Foster parent training classes and outreach events
- h. Tioga County sponsored trainings
- i. Lunch during required all-day staff meetings and required trainings
- j. Business shows/job fairs/open houses
- k. Veterans' community outreach events
- l. Other special events, meetings, and trainings as pre-authorized by resolution of the Tioga County Legislature, including any expenditures in excess of the \$150.00 threshold limit not listed above.

As a resolution is required for upcoming events that will exceed the established threshold, departments are to plan accordingly to submit one resolution for all events in a given month versus individual resolutions for each event. If grant funding is to be utilized, the official award notification must be received prior to the resolution.

ii. PROHIBITED EXPENSES:

- a. Office luncheons
- b. Staff and/or team meetings
- c. Legislative meetings
- d. Staff birthdays and/or retirement celebrations
- e. "Working luncheons" comprised of County staff
- f. Half-Day trainings
- g. Employee picnics
- h. Employee recognition ceremonies that are not part of the Tioga County Employee Recognition Program
- i. Food and beverage for extended work hours
- j. Water coolers & bottled water for employee consumption (Exceptions: see Section III. Financial Rules, Subsection g. Water Coolers).
- k. Office coffee & supplies (Exception: allowable only when purchased as part of the permissible meetings, trainings, and special events listed above).

Food and beverage listed under Prohibited Expenses shall not be provided using County funds.

b. Purchase of Supplies and Small Electronics/Appliances

County funds shall not be used to purchase appliances or any other food preparation devices (e.g. coffee makers, microwaves, toasters and refrigerators) with the intention of personal employee food preparation and use.

Note: Common breakrooms are exempt from these purchases.

Departments shall not purchase disposable supplies (e.g. napkins, paper plates, plastic utensils, disposable cups) for typical daily employee use. These purchases are allowable when associated with permissible meetings, trainings, or special events with the understanding that purchases are to be kept to a reasonable amount to avoid over-purchasing.

c. Purchase of Gas Cards and Gift Cards

Departments are allowed to purchase gas cards and gift cards as part of their programmatic needs for clientele use only. Tioga County employees

are not eligible to receive a County paid/issued gas card or gift card, with the exception of the Wellness Trust Account funds managed by the County Treasurer through the Public Health Department for their monthly Wellness promotions.

Departments are allowed to purchase gift cards as part of a County Department promotional giveaway for public use only. Tioga County employees are prohibited from entering promotional contests.

Departments shall maintain a record of the number of gas and gift cards purchased, to whom they have been issued, and for said purpose. These records are to be made available to the County Legislature immediately upon request.

Departments have to keep the physical gas cards and gift cards in a secure location until the time of issuance.

III. **CONSIDERATIONS**

- a. Before purchasing a gas card or a gift card, the County shall evaluate:
 - i. Whether the purchase **supports the County's mission** and aligns with its policies and objectives.
 - ii. If the purchase **upholds the County's core values**.
 - iii. If the purchase **avoids conflict of interest and any apparent reputational risk**.
 - iv. If the purchase **complies with Federal, State, and Local Laws**.

IV. **COMPLIANCE**

Departments are required to adhere to and comply with the County's Purchasing and Procurement Policy including gratuity, sales tax, and Purchase Card requirements. All reimbursements shall require an itemized receipt. Failure to obtain an itemized receipt will result in the cardholder reimbursing the Tioga County Treasurer for the purchase directly.

V. **EFFECTIVE DATE**

The original effective date of this policy is July 11, 2023.

This policy shall be effective immediately upon approval by the County Legislature and will remain in effect until amended or repealed.

WHEREAS: The County Attorney has revised the Tioga County Sexual Harassment Prevention Policy to now include a discriminatory harassment policy; therefore be it

RESOLVED: That the Tioga County Sexual Harassment Prevention Policy be amended to now include "II. Discriminatory Harassment Policy"; and be it further

RESOLVED: That the remainder of the Tioga County Sexual Harassment Prevention Policy remains unchanged.

q. SEXUAL HARASSMENT PREVENTION POLICY**II. Discriminatory Harassment Policy:****Policy Statement:**

It is the policy of the County of Tioga to provide and maintain a work environment which is free from unlawful discrimination based on race, creed, color, national origin, sexual orientation, military status, sex, age, marital status, domestic violence victim status, disability, pregnancy-related condition, predisposing genetic characteristics, prior arrest or conviction record, familial status, gender identity, and any other class protected by law (collectively referred to as "discriminatory harassment" or "harassment"). Harassment based on these characteristics is a form of unlawful discrimination and is prohibited in each and every work environment and each and every situation which directly impacts the work environment.

The County of Tioga will take appropriate steps to prevent and correct unlawful harassment and discrimination as defined by both federal and state law. The federal laws include Title VII of the Civil Rights Act, the Age Discrimination in Employment Act, and the Americans with Disabilities Act. The state law is the New York State Human Rights Law.

The County of Tioga considers discriminatory harassment to be a form of employee misconduct and considers this type of misconduct to be a serious offense which will not be tolerated. Allegations of harassment will be investigated thoroughly and if substantiated, will be met with appropriate corrective and/or disciplinary action commensurate with the seriousness of the offense(s), and in accordance with the parameters of applicable collective bargaining agreements and/or state law.

This policy applies to all applicants and employees of the County of Tioga and prohibits harassment, discrimination and retaliation whether engaged in by fellow employees, by a supervisor or manager or by someone not directly connected to the County (e.g., an outside vendor, consultant or citizen).

Conduct prohibited by this Policy is unacceptable in the workplace and in any work-related setting outside the workplace, such as during business trips, business meetings, and business-related social events.

All information gathered during an investigation of a harassment complaint will be handled in a confidential manner, to the extent possible.

Retaliation against any individual making a harassment complaint or assisting in the investigation of such a complaint is forbidden. Retaliation is a serious violation of this policy which may result in disciplinary action.

This Policy does not preclude the filing of discriminatory harassment complaints with either the New York State Division of Human Rights or the Federal Equal Employment Opportunity Commission, or the pursuing of any other remedies as permitted by law.

DEFINITIONS

1. "Sexual Harassment" is defined as:

A form of gender-based discrimination. Unwelcome sexual advances, request for sexual favors, and other verbal or physical conduct of a sexual nature when:

- A. Submission to such conduct is made explicitly or implicitly a term or condition of an individual's employment (e.g., promotion, training, assignments, etc.);
- B. Submission to or rejection of such conduct by an individual is used as a basis for employment decisions (e.g., hiring, evaluation, promotion) affecting such individual; or
- C. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

Examples of specific behaviors that may be considered sexual harassment include, but are not limited to:

- Spoken or written words related to an employee's sex
- Any sexual advance that is unwelcome
- Sexually oriented comments
- Showing or displaying pornographic or sexually explicit objects or pictures in the workplace
- Offensive touching, patting or pinching
- Requests for sexual acts or favors
- Abusing the dignity of an employee through insulting or degrading sexual remarks or conduct
- Threats, demands or suggestions that an employee's work status is contingent upon her/his toleration of or acquiescence to sexual advances
- Subtle pressure for sexual activities
- Leering at a person

Sexual harassment is gender neutral and may involve members of the same or different gender.

2. Other unlawful harassment:

Harassment on the basis of any other protected characteristic is also prohibited. Under this policy, prohibited harassment is verbal or physical conduct that is offensive to or shows hostility or aversion toward an individual because of a protected characteristic which includes race, creed, color, national origin, sexual orientation, military status, sex, age, marital status, domestic violence victim status, disability, pregnancy-related condition, predisposing genetic characteristics, prior arrest or conviction record, familial status, and gender identity (and any other class protected by law) , and that: (i) has the purpose or effect of creating an intimidating, hostile or offensive work environment; (ii) has the purpose or effect of unreasonably interfering with an individual's work performance; or (iii) otherwise adversely affects an individual's employment opportunities.

Employees and applicants for employment are also protected against

Harassing conduct includes, but is not limited to epithets, slurs or negative stereotyping; threatening, intimidating or hostile acts; denigrating jokes and display or circulation in the workplace (including through e-mail) of written or graphic material that denigrates or shows hostility or aversion toward an individual or group, based on an individual's protected class.

3. Other Unacceptable Conduct:

This policy also prohibits conduct of one employee toward another that may not rise to the level of discrimination or harassment in violation of the law but nonetheless creates a degree of hostility or intimidation that adversely affects the work environment. Teasing, ridicule, and other conduct intended to annoy, personally attack, belittle or embarrass another individual is inappropriate and also unacceptable in the workplace. Therefore, the County encourages the use of its complaint procedure by employees who believe they have been subject to inappropriate conduct by another employee, even if such conduct may not be harassment or discrimination per se. The County endeavors to create an environment in which employees may feel free to raise concerns and are confident that those concerns will be addressed.

III. Responsibilities

1. Managerial and Supervisory Personnel

All managerial and supervisory personnel of the County of Tioga shall be responsible for enforcing this Policy and shall have particular responsibility for ensuring that the work environment under their supervision is free from discriminatory harassment and its effects. Failure of a manager or supervisor to comply with this responsibility may result in disciplinary action.

All managerial and supervisory personnel who receive discriminatory harassment complaints will be responsible for reporting such in accordance with Section IV.2 below.

2. The County

The County of Tioga will conduct periodic training for managerial and supervisory personnel in each Department of the County on the issues surrounding discriminatory harassment, its effects and its appearances, and the role and responsibility of managerial/supervisory personnel in preventing incidents of harassment complaints.

The County of Tioga shall distribute this Policy to all County employees and all others covered by its parameters. Copies of this Policy will be distributed to new employees as they are hired.

Copies of this Policy will be conspicuously posted.

IV. Reporting and Resolution Procedures

1. If an individual is subjected to a situation which they believe constitutes discriminatory harassment in violation of this Policy, the County recommends that the employee confront the harasser directly and advise the harasser that their behavior is not welcomed and will not be tolerated. Note that neither this policy nor state/federal law requires that an individual tell an alleged harasser to stop their actions. Employees should feel free to keep written records of any alleged sexual harassment incidents, including the date, time, location, names of people involved, witnesses (if any), and who said or did what to whom.
2. A written or verbal complaint should be filed by the affected employee with the employee's immediate supervisor. The supervisor will immediately forward the complaint to the Department Head. In the event the employee does not believe it would be appropriate to file the complaint

with the immediate supervisor, it may be filed directly to the appropriate Department Head or to the County's Personnel Officer. If the Department Head is unavailable or a party to the violation, the supervisor shall forward the complaint to the Personnel Officer or County Attorney.

V. Complaint Investigation

1. Harassment complaints should be investigated as promptly as possible and resolved within a reasonable time after the receipt of the complaint. **The Office of the County Attorney** and with the oversight of the Personnel Officer and/or their designee(s) will coordinate an investigation of the complaint. Following the investigation, **the County Attorney and/or their designee(s)** may issue a written report of findings and conclusions.
2. Thereafter, any conclusions may be issued from the County Attorney and/or their designee(s), in writing, back to the complainant.
3. Retaliation against any individual making a harassment complaint or assisting in the investigation of such a complaint is strictly forbidden. Retaliation, like discrimination and harassment, is against the law and is a serious violation of this Policy. Employees who retaliate against other employees who complain about harassment and/or participate in investigation of harassment may be subject to disciplinary action.

VI. Response Procedures

1. In the event a complaint of discriminatory harassment is determined to be founded, the County may take disciplinary action in accordance with the provisions of applicable collective bargaining agreements and/or state law, if applicable.
2. If disciplinary charges are filed against an employee on the grounds that the County has determined the employee is guilty of unlawful harassment, the accused employee may exercise their rights through the disciplinary procedure provided for in their labor contract and/or state law, if applicable.
3. Reporting a false complaint is a serious act. In the event it is found that the individual bringing the complaint has knowingly made false accusations, the County will take action in accordance with the provisions of the applicable collective bargaining agreement and/or state law, if applicable.

NATIONAL RECOVERY MONTH IN TIOGA COUNTY

Chair Sauerbrey reported we have one person for privilege of the floor.

Kermit Bossard, Town of Spencer resident spoke. "My name is Kermit Bossard and I am representing the Spencer Food Cupboard, Spencer, NY. I was here last month and I kind of apologize for coming back again, but I need to add a couple of things and maybe correct a couple of things.

"There is a fact and there is no changing or denying that hunger is real right here in Tioga County. It's not like Gaza or South Sudan, that's starvation. What I am saying is hunger. I think you can ask a lot of people here in Tioga County, ask the Health Department, they recognize that people are hungry and that is why we have 10-12 food pantries in the county and distribute all that food. It is also a fact and there is no getting around it, that the current federal administration's decisions are making matters worse. Benefits are being cut, and people are feeling it. The federal government is passing some of those responsibilities down to the States who also have their own budget problems in New York State. This all makes it harder on families who are trying to balance their budget and have to decide whether to pay for prescriptions, electricity, food, or rent and then what is getting cut each month. Food is sometimes the one that is getting cut, which is why we have the food pantries out there to help people. It is harder to see because we do not see it every day on the street, but it's there. The federal decisions are also making it harder for food pantries

to operate because they have cut some of the programs out of USDA, so we are getting less food and less money to operate the pantries. This is not my opinion; it is just fact and that is the way it works.

"Now, about budgets. I heard last month that we came in late in the budget process. Maybe yes, but budgets are made to be modified all year long. I have worked with budgets for a long time. I had four fiscal years that I was working with plus the grants that come in and the grants that go out. It is a mess. I recognize that, but that is an excuse. I dealt with that all year long and you modify, change, add, subtract, and you deal with it all year long. Coming to you in August is kind of a budgetary hiccup, as I call it; it is not something that cannot be changed. And I did come last year, so you had a year to work on this. You had a year to modify things and work food pantries into the budget. It should not take that long to figure out how to do this. I cannot speak for the other pantries in Tioga County, but I was asked how much budget you need. Well, I would ask for \$5,000 just for the Spencer Food Cupboard. Now, if you add the rest of the pantries in Tioga County it gets up a little bit more. But my ask is for one line budget for the Spencer Food Cupboard and that is for food. It is not for utilities, personnel, or anything else. It is for food. If you want a receipt to show that, I would be glad to provide it. By the way, our neighboring counties are doing what I am asking. Chemung County is providing \$30,000 for food for their food pantries. Steuben County is providing \$75,000. Tompkins County is providing \$175,000 and I will say some of this allocation is going to pay local farmers for produce, which is what the federal government cut out of the budget by the way, so it is not all going to pantries, but it is going for produce that goes to the Food Bank of the Southern Tier who sends it out to the pantries. So, it is coming back to us one way or another. Broome County provides \$60,000. It is all around us. We are not doing anything, and we should.

"So, I am probably not going to keep coming back again to ask. In a couple of months, I am going to be 84 years old, and I think it's time I quit. I think I represented the need fairly well. I think it is up to you to make that decision to help pantries out where you can. If you need some guidance on how to do it, people over at the Food Bank of the Southern Tier can assist, as this is where I would funnel the money in through, so they can distribute it back out to all the pantries in Tioga County. If you have any questions about the need, the number of people being assisted, etc., you should ask. That's all you have to do; just ask. Thank you very much."

Legislator Monell made a motion to approve the minutes of August 12 and 21, 2025, seconded by Legislator Brown and carried.

Be It Enacted by the Legislature of the County of Tioga as follows:

SECTION 1: LEGISLATIVE INTENT

New York State Department of Environmental Conservation's (NYSDEC) Youth Deer Hunting Pilot Program (Environmental Conservation Law §11-0935) has been extended from December 31, 2025 to December 31, 2028. Tioga County participated in this pilot program by way of Local Law No. 3 of 2021 with a sunset date of December 31, 2023 and Local Law No. 1 of 2024 with a sunset date of December 31, 2025. It is the intent of this Local Law to authorize Tioga County to permit twelve (12) and thirteen (13) year-old individuals to participate in the extension of the NYSDEC Youth Deer Hunting pilot program in accordance with Environmental Conservation Law §11-0935 for the fall 2026 and beyond as long as the State law continues to be extended.

The enacted 2025-2026 New York State Budget extended the pilot program allowing counties to opt-in by way of Local Law to provide an opportunity for young hunters, ages twelve (12) and thirteen (13), to continue to hunt deer with firearms and crossbow through 2028 if a county authorizes such action within their municipality. Tioga County is passing this Local Law, as hunting is a valued tradition for many families and this continued opportunity allows experienced, adult hunters to introduce the value of hunting to the next generation. Furthermore, teaching young people safe, responsible, and ethical hunting practices will ensure a rewarding experience for the youth, while providing quality food to families and contributing to important deer management population control practices.

SECTION 2: PILOT PROGRAM AUTHORIZATION

Pursuant to Environmental Conservation Law, ECL §11-0935, Tioga County elects to participate in the extended pilot program to allow for young hunters, ages twelve (12) and thirteen (13), to hunt deer with a firearm, to include rifles, shotguns, and muzzle loaded firearms or crossbow through 2028 and beyond as long as the State law continues to be extended.

SECTION 3: STATE REQUIREMENTS TO ADHERE ONCE AUTHORIZED

Twelve (12) and thirteen (13) year-old licensed hunters shall be allowed to hunt deer with the following requirements to be followed:

- A. Twelve (12) and thirteen (13) year old licensed hunters shall be under the supervision of a licensed adult hunter, age twenty-one (21) years or older,

with a rifle, shotgun, or muzzle loading firearm in areas where and during the hunting season in which such firearms may be used; and

- B. Twelve (12) and thirteen (13) year old licensed hunters shall be allowed to hunt under the supervision of a licensed adult hunter, age twenty-one (21) years or older, with a crossbow during the times when other hunters may use crossbows; and
- C. Supervision of a licensed adult hunter, age twenty-one (21) years or older, with at least three (3) years of experience who exercises dominion and control over the youth hunter at all times is required; and
- D. All licensed twelve (12) and thirteen (13) year old hunters, as well as their adult supervisors, shall be required to wear fluorescent orange or pink clothing while engaged in hunting to an extent and covering so designated pursuant to the law, rules, and regulations promulgated by the State of New York; and
- E. All licensed twelve (12) and thirteen (13) year old hunters shall remain at ground level while hunting deer with a crossbow, rifle, shotgun, or muzzleloader; and
- F. Notwithstanding any State or Federal Law to the contrary, this local law shall not authorize the hunting of bear by twelve (12) and thirteen (13) year olds with a firearm or crossbow.

SECTION 4: LOCAL LAW FILING REQUIREMENTS

A copy of this Local Law shall be sent to the New York State Department of Environmental Conservation as well as the New York State Department of State.

SECTION 5: SEVERABILITY

If any clause, sentence, paragraph, subdivision, section or part of this law, or the application thereof to any person, individual, corporation, firm, partnership, entity or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgement shall not affect, impair, effect, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this law or in its application to the person, individual, corporation, firm, partnership, entity or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

SECTION 6: EFFECTIVE DATE

This Local Law shall take effect January 1, 2026 in accordance with Section 27 of the Municipal Home Rule and will remain in effect pursuant to Environmental Conservation Law (ECL) §11-0935.

Legislator Standinger spoke. "I just want to say that as a hunter safety instructor the youth are very safety conscious, more so than the older hunters. I think this is a good thing because getting them out in the woods and learning how to hunt with a mentor is a good thing. Safety is always a good thing when it comes to hunting."

WHEREAS: Natural gas remains a dependable, cost-effective, and clean-burning energy source used by millions of New Yorkers to heat their homes, cook their food, and power their businesses; and

WHEREAS: In 2019, New York State enacted the Climate Leadership and Community Protection Act (CLCPA), which mandates aggressive emissions reductions and serves as the foundation for sweeping energy restrictions, including efforts to phase out natural gas; and

WHEREAS: Building on the CLCPA, Governor Kathy Hochul and the New York State Legislature in 2023 enacted provisions in the state budget banning natural gas and other fossil fuel hookups in most new residential and commercial buildings, effective 2026 for smaller buildings, and 2029 for larger buildings, thereby eliminating consumer choice and limiting access to affordable energy; and

WHEREAS: Governor Hochul has publicly supported these bans and related measures as part of her administration's climate and energy agenda, despite widespread concerns that such mandates will increase costs, strain grid reliability, and restrict energy diversity; and

WHEREAS: These top-down policies undermine affordability, threaten reliability during peak demand, and strip away the freedom of consumers and businesses to choose the energy sources that best meet their needs; and

WHEREAS: Congressman Nick Langworthy of New York and Senator Jim Justice of West Virginia introduced the Energy Choice Act (H.R. 3699, S. 1945), federal legislation that ensures state and local governments cannot restrict consumer access to natural gas and other affordable energy sources, thereby protecting freedom of choice for New Yorkers and all Americans; and

WHEREAS: The Energy Choice Act would safeguard households, small businesses, hospitals, farmers, and manufacturers from harmful government overreach and preserve access to an “all-of-the-above” energy strategy that strengthens reliability and affordability; therefore be it

RESOLVED: That the Tioga County Legislature strongly supports the Energy Choice Act as introduced by Congressman Langworthy (H.R. 3699) and Senator Justice (S. 1945) and stands firmly opposed to New York State’s natural gas bans, the CLCPA-driven restrictions, and other state energy mandates that eliminate consumer choice; and be it further

RESOLVED: That the Tioga County Legislature urges Congress to pass the Energy Choice Act to defend consumer choice, protect energy affordability, and preserve reliable access to natural gas for New Yorkers; and be it further

RESOLVED: That copies of this resolution be sent to Congressman Nick Langworthy, Senator Jim Justice, the New York Congressional delegation, Senators Chuck Schumer and Kirsten Gillibrand, Governor Kathy Hochul, and leadership of the New York State Legislature.

Legislator Standinger spoke. “The State government is pushing forth mandates that are harmful to us, especially in the rural areas. It gets cold up here in the winter and if your power goes out and you do not have natural gas as an alternative you could be in big trouble. Albany does not always think about that since it is ruled by downstate folks pretty much.”

RESOLUTION NO. 352-25 *RECOGNIZE JULIE A. WHIPPLE
36 YEARS OF DEDICATED SERVICE

WHEREAS: Julie began her career with the Tioga County Department of Social Services on November 20, 1989, as a temporary HEAP Clerk Typist. In December 1989, Julie became a permanent Clerk Typist in the Income Maintenance Department and then promoted to Senior Typist in November 1990. Legislator Standing spoke. "Now, with that being said, 36 years is a significant accomplishment. I know I have seen you at a lot of the events at the Health & Human Services Building, such as Employee of the Quarter and Employee of the Year. I know that Shawn is going to miss you dearly. Congratulations and thank you."

Commissioner of Social Services Yetter spoke. "Thank you, Bill and good afternoon, everyone. Bill listed off all the different titles you held, 'Are there any that you didn't have'? Julie began her career with the County in the fall of 1989 and following several promotions and new titles, she is ending her career as an administrator holding the title of Director of Employment & Transitional Supports. I shared at the Employee Recognition Luncheon event recently that this is a very long title, which translates to 'She's got a lot to do'. Julie is a very special person who the County and our department has had the good fortune of her deciding that she wanted to dedicate her career to this work. Day in and day out, she has always maintained an encouraging environment and positive attitude for those who work with her and around her. When Julie leaves this week, a lot of

institutional knowledge walks out the door with her. I have said this before of other retirees and it is once again very true. It's hard to replace those 36 years of knowledge and experience. She is an invaluable asset to the agency and the County. Her program strength in all of the multiple areas of her responsibility is very strong and will be missed. Her desire to learn and understand everything has not changed even up to the closing days of her career. That, in itself, is a testament to her dedication to what we do and very importantly to her dedication to the people we are charged with serving.

"I am thrilled that you have enjoyed such an outstanding career with us and that you are going out on top. And, I have no doubt that you will know how to enjoy retirement to its fullest.

"On behalf of the countless number of families and children in Tioga County that you have worked to improve their lives and on behalf of all your colleagues, thank you and congratulations on your many years of service to the people of Tioga County. You will be very missed."

Julie Whipple spoke. "Thank you everyone. Thank you very much for the kind words. In the spring of 1989, I was literally flipping burgers for a living and I knew that I did not want to do that forever. My sister-in-law worked at Mental Hygiene very briefly and said, 'Hey, take a Civil Service test', which I had no idea what that was but I did it. She said, 'You just take a test and someone will call you if there is a job' and I thought that is easier than the other way around. So, I took the entry level Clerk Typist test. I got a call from the Owego-Apalachin School and they wanted me to do a survey of incoming seniors, as a temporary position. Now, I was 18 years old and I thought no thank you, I am not going to be doing that survey. But, shortly thereafter, I did get the call from Social Services and you already heard the rest; it's history now.

"In case you did not know it, Social Services is not that popular of a place. People have a lot to say about it. We spend all the taxpayers money because we have to provide those mandated benefits and services to a wide variety of individuals and families and we all work very hard there, so there is not a lot of down time. In my division, we have to focus on paperwork, deadlines, and getting the correct benefits to those eligible in a timely manner all while not forgetting there are people on the other end and the benefits you are authorizing have a profound effect on their lives.

"I am proud of the work that I have done there and that my staff is done. It does make you proud when you have clients thanking you for how you treated them and begging you to still let them stay there even though they have moved to another county. When the State calls looking for your advice, your assistance, requesting you be a pilot district for something new that is coming or they are

wanting to know how something works in the system and they call you, that does make you feel very proud.

"Obviously, I have seen a lot of changes since I have been here. When I started with the County, General Lyon was the Legislative Chair. I was a Public Assistance Examiner during Welfare Reform in the 1990's and I was a Medicaid Supervisor when the Affordable Care Act was implemented in 2010. We have all worked through two major floods and a pandemic. All of that stuff taught us that we could do things differently and still get the job done.

"I am happy to say that I will not be sticking around to feel the full impact of the One Big Beautiful Bill will have on our programs.

"I was brought up to have a healthy respect for authority figures. So, when I became the Director suddenly the Commissioner was my direct boss. Oh my gosh, the Commissioner. I was intimidated by the authority and basically I did not want to bug him with daily things you need from your supervisor. He is a busy guy. But, Shawn and the rest of the administrative team welcomed me. He was able to convince me that he is there for me and that I can bring anything to him. Well, the newness wore off and now he probably wishes I did not quite take as many things to him as I do. There are no secrets between Shawn and I with my staff. The winds of change are blowing in Tioga County. I am not the only one retiring this year and there will be multiple changes, but I am so thankful that I do not have to spend one day as a Director without the inspired leadership of Commissioner Yetter. Thank you."

Chair Sauerbrey spoke. "We wish you the best of luck and enjoy your retirement and beautiful family."

Chair Sauerbrey reported we have one Proclamation; **Lead Poisoning Prevention Week (October 19-25, 2025)** that will be noted in the minutes.

*Public Hearing
Local Law Introductory No. C of 2025
October 23, 2025*

The Public Hearing on Local Law Introductory No. C of 2025; A Local Law of the Tioga County Legislature of the County of Tioga, to opt out of the requirements of the New York Short-Term Rental Law for establishing a short-term rental registry was called to order by Chair Sauerbrey at 10:00 A.M. Seven Legislative members were present with Legislators Flesher and Roberts being absent.

There were six people in attendance.

The Clerk read the legal notice as published in the official newspapers.

Mr. Howland, Newark Valley resident, spoke. "I am here today as I am interested in this issue and trying to understand exactly what is being proposed. I have the Howland Farm in Newark Valley, NY and this has a significant impact on our ability to maintain the farm. If someone could explain it, then I could make a comment."

County Attorney DeWind spoke. "Basically, New York State passed a requirement that unless we opt out would require the County to register short-term rentals, maintain a registry, and keep an eye on what's happening with them. With this local law, the County would be opting out of establishing a short-term rental registry. We would still have our hotel and motel occupancy tax and continue to do what we do with short-term rentals including any other agreements we have, we just would not be creating this separate new registry."

Mr. Howland spoke. "So, everything as it exists right now will stay the same? We pay about 8% per year of our income."

County Attorney DeWind spoke. "None of that will change."

Mr. Howland spoke. "So, what is the County opting out of if that is not going to change?"

County Administrator Bailey spoke. "The State is building a registry for all the short-term rentals, so the State can track them and try to moderate them, but for smaller counties like us, the County Treasurer has determined that we do not have a need to join that registry because we have so few of them. We are just opting out of the registry at this time. It has no real advantage to the County. It is more

of an administrative impact. It is not going to impact any of the taxpayers and those who have short-term rentals.”

County Attorney DeWind spoke. “The cost of creating a position and have someone monitor this was not really worth it because we are already doing it.”

Mr. Howland spoke. “I think there are real problems with these short-term rentals in New York City, but I am not aware that we have that problem in Tioga County.”

Legislator Monell spoke. “Exactly. It creates a lot more work for us as a County, so that is why we are opting out.”

There being no further public comments, the hearing was adjourned at 10:05 A.M.

*Public Hearing
2026 Budget
November 12, 2025*

The Public Hearing on the 2026 Budget was called to order by the Chair at 10:00 A.M. Legislators Aronstam, Brown, Ciotoli, Monell, Roberts, Sauerbrey, and Standinger were present with Legislator Flesher arriving at 10:20 a.m. and Legislator Bunce being absent.

There were 14 people in attendance along with County Administrator Jackson Bailey, Legislative Clerk Cathy Haskell, and County Attorney Peter DeWind.

The Clerk read the legal notice as published in the official newspapers.

County Administrator Bailey gave the 2026 budget presentation.

"Honorable Members of the Tioga County Legislature and Citizens of Tioga County. Today, Wednesday, November 12, 2025, I am pleased to present the Tentative 2026 Tioga County Budget.

"At a glance, there are some key takeaways for the 2026 budget:

- Proposed increase to the Tax Levy is 2.09%. This is again within the State Tax Cap for the 14th consecutive year for Tioga County.
- Average County tax impact for a home assessed at \$100,000 will pay approximately \$664.00 in County Tax.
- Total proposed 2026 Budget Appropriations are \$109,542,645.
- Use of unassigned General Fund Balance of \$6,121,997.

"At the start of the budget process, the Legislature provided clear directives to departments, including:

- Maintain programs and services with zero-based growth in local share costs.
- Limit new spending unless required by State mandates or critical need.
- Be cautious with personnel growth to keep staffing sustainable.
- Scrutinize capital and long-term commitments to protect future taxpayers.

"These directives have helped the County shape a balanced, realistic budget that supports community needs while keeping Tioga County fiscally stable, tax cap compliant, and maintaining a "not in fiscal stress" designation with the NYS Comptroller's office.

“Like all counties in New York State, Tioga continues to navigate rising cost challenges beyond its control, including:

- State-mandated programs that now represent over 113% of the County Tax Cap.
- Increasing costs for employee salaries and benefits.
- Rising service demands in areas such as mental hygiene, childcare, and public safety.

“Total expenditures increased in all funds by \$6,249,911 or 6.05% from the prior year. Total estimated revenues increased in all funds by \$3,222,960 or 4.39% from the prior year. The total deficit after the tax levy is applied is \$8,746,009. I propose using \$6,121,997 from unrestricted General Fund Balance and \$2,624,012 from Capital Reserves to bridge that gap.

“This budget protects the services that the community relies on every day, including:

- Sheriff's Road Patrol and 911 Emergency Services
- Public Health and Mental Hygiene Services
- Child & Adult Protective Services
- Roads & Bridges Maintenance and Snow Removal
- Veterans Support and Community Outreach
- Agency Funding for libraries, youth programs, tourism, and community services throughout the County

“The County continues to share sales tax revenues with Towns and Villages supporting local municipal budgets, services, and aiding to keep property taxes down across the county. The estimated amount of distribution in the 2026 budget is approximately \$7,380,000.

“This year's budget looks ahead, including key strategic objectives focused on Taxpayer Value, Accessibility to Services, Workforce, and Community Partnerships, in order to move Tioga County forward. Some of these strategic priorities include:

- Workforce Stability & Hiring
- Public Safety & Emergency Communications. Of note, 2026 will see the completion of the County's \$18 million-dollar Interoperable Radio Tower Upgrade project, thus enhancing communication throughout the County for emergency responders.
- Facilities Planning & Maintenance
- Technology & Cybersecurity Enhancements
- Shared Services Initiatives

"The County continues to aggressively pursue grants to reduce the local tax burden. Recent grant awards have been supported, including:

- Public Safety Equipment & Emergency Communications Upgrades
- Infrastructure & Facilities
- Public Health & Community Support Programs
- Technology, Cybersecurity, and Records Modernization

"The American Rescue Plan Act (ARPA) funding has been fully obligated by the County and is on track to be fully expended by the Treasury Final Rule date of December 31, 2026. Of the \$9,362,868 received, the County has spent year to date \$7,858,935 on qualified expenditures including capital equipment, outside agency funding, cybersecurity enhancements, County facility security enhancements, and the provisions of general government services.

"The 2026 Proposed Tax Levy is \$27,450,883. This is the allowable amount, per the New York State Mandated Property Tax Cap, and will mark the 14th consecutive year that the County has not had to override the Tax Cap.

"The combined composite tax rate for 2026 is \$6.64 per \$1,000 of taxable value. Again, the average home, assessed at \$100,000, will pay approximately \$664.00 per year for all County services. Tax rates will vary due to the State established equalization rate and each municipalities apportionment percentage.

"I extend my sincere appreciation to the County Legislature, Department Heads, and County employees for their participation and compliance in the annual budget.

"I would also like to thank the following individuals for their efforts and dedication throughout the budget process:

- Legislative Chair, Martha Sauerbrey
- Legislative Clerk, Cathy Haskell
- Real Property Director, Steven Palinosky
- Personnel Officer, Linda Parke
- Benefits Manager, Camille Mattison-Corneby
- County Treasurer, James McFadden
- Deputy Treasurer, Katie Chandler
- Chief Accountant, Laura Schurter
- Payroll Coordinator, Amy Potter

"Please note, the Real Property Tax Levy cannot be increased after today's hearing without an additional public hearing."

There being no public comments, the hearing was adjourned at 10:26 A.M.

Legislator Monell spoke. "It has been my pleasure to serve with you, and I am very happy to call you, my friend."

Legislator/Chair Sauerbrey spoke. "It is hard to believe that it has been twenty years since I was sworn in at this very place on the Legislature. There have been a lot of ups and downs along the way, and I can say that it has been a challenging experience, but worth every minute of it.

"My experience with working with Local and State elected officials was on the whole respectful and productive. Why? Because we were all working together. We put politics aside for the betterment of our communities. That is one of the first things I learned in government; it's not about me, but about we.

"In order to get things done, you need to work together as a team. That is very much the current Legislature. They are a great group of people. We have worked to do the best we can for our County and that has been my experience on the Legislature for the past twenty years. Right now, I want to remember four members of the Legislature who I worked with during these twenty years who passed away while in service: Ray Case, Dick Huttleston, Eddie Hollenbeck, and Dale Weston. All were dedicated people who cared for their communities.

"I especially want to thank God for my husband and my family for their support during challenging times and the support of my work.

"Not everyone is called to work in government. It is challenging, frustrating, and discouraging at times but it is also very fulfilling and very important. When you think about the fact that you are responsible for 50,000 people, it is a moment for pause. Government work is not for the weak of heart.

"Thank you to everyone for your support and cooperation. We did some pretty exciting things over the years. We brought people out of the darkness into the light to a dependable, workable government that works on behalf of its citizens, and they will continue to do so in the future. Thank you."

County Treasurer McFadden spoke. "Thank you very much. It has been quite a trip. First, I would like to thank my wife, Norma, who is here today. She helped me on the campaign trail back in 1993 when she was 3, 4, 6, 8 months pregnant and helped me get elected. I would also like to thank my daughters who have kept me a straight arrow for many years.

"I really want to thank such a dedicated staff. I have had the honor of working with probably 30-35 Legislators over the years, quite a few staff including Chief Accountants and payroll staff. You do not get clean audits, perfect payroll, and safe investments without very talented and dedicated staff, some of whom are here today. So, thank you all very much.

"When you have a position where you occasionally have to foreclose on people, evict them from their houses, it is not the easiest job. You do get a lot of nasty phone calls, but at the same time you have to follow the State law that you took a pledge to follow. I certainly think that Barb is going to do a great job, and I wish her the best of luck. I will be available to help and feel free to call anytime.

"I would also like to say that one of the things that has to go with this position, and I think my staff would agree, is that you have to have a sense of humor. Lew Sauerbrey asked me to give a quick story, so one that comes to mind is that my daughter swam for St. Bonaventure and my wife and I went out for a swim meet about six or seven years ago. We took her to dinner and I noticed my colleague, a gentleman by the name of Joe Keller, was running for re-election. He also owned a Subway franchise just down the street on the main drag in Olean, New York and he had one of his elections signs out front. The following week, we had to go back to St. Bonaventure for another swim meet, dinner, and hotel stay. About 10:30 p.m. that night, I told my wife I needed to go for a walk. I went to the trunk of my car, and I took out a sign and walked to the Subway, and I removed his "Elect Joe Keller" sign and replaced it with "Elect Jim McFadden, County Treasurer, sign. Needless to say, when I got back to the office on Monday morning, my phone was blinking and it was Mr. Keller who suggested the next phone call would be from the Chautauqua County Sheriff's Office. But that is the type of fun that I have had over the years both with colleagues and staff members. I am really going to miss the job. Everyday is different between investments, taxes, and accounting and various functions of State, but it has been a great ride. I would not have done anything different. I had a few job opportunities along the line that I turned down.

"I would really like to thank the citizens of Tioga County who elected me eight times. I think we have worked very hard to make sure their investments and the tax enforcement were all under State law and done properly with their best interest in mind. I think I have done a good job, and I appreciate Barb for taking over and I know you will do a good job too. Thirty-two years; someone told me I am the longest serving elected official ever in this County which made me sad to say. Thank you very much."

Legislator Standinger read and presented the following recognition resolution to Shawn L. Yetter, Commissioner of Social Services.

REFERRED TO:

HEALTH & HUMAN SERVICES COMMITTEE

RESOLUTION NO. 428-25

*RECOGNIZE SHAWN L. YETTER'S
35 YEARS OF CUMULATIVE DEDICATED SERVICE
DEPARTMENT OF SOCIAL SERVICES*

WHEREAS: Shawn began his career in public service with the Tioga County Department of Social Services in 1981, as a Summer Case Aide. He returned the following summer again as a Temporary Social Welfare Examiner. He was quickly given full-time employment as a Social Welfare Examiner. In 1986, Shawn was promoted to Sr. Social Welfare Examiner. Shawn left the Department in August of 1986 to pursue higher education, later returning in December of 1986 again as a Social Welfare Examiner. Throughout his pursuit of higher education, Shawn worked for the Department on a temporary basis. He returned full-time to the Department in 1988 as a Social Services Investigator for a short two months as he again left to pursue an opportunity in the not-for-profit arena. Shawn returned once again in 1991 as the TASAP Administrator. In 1993, Shawn was promoted to Executive Assistant to the Commissioner of Social Services. In 1996, Shawn was again promoted to Director of Administrative Services. In 1997, Shawn was again promoted to Deputy Commissioner. Shawn then departed for an opportunity in Orange County, NY as a Deputy Commissioner in 1998. Shawn returned to Tioga County Department of Social Services on January 21, 2003 as Commissioner; and

WHEREAS: Shawn L. Yetter has been a dedicated public servant to the citizens of Tioga County; and

WHEREAS: Shawn L. Yetter has ensured the Department's mission that all people are treated respectfully, fairly and with compassion in the performance of his duties; and

WHEREAS: Shawn L. Yetter will retire on December 12, 2025; therefore be it

Yetter for his thirty-five years of dedicated and loyal service to the Tioga County Department of Social Services and its most vulnerable citizens; and be it further

RESOLVED: That this resolution be spread upon the minutes of this meeting and a certified copy be presented to this loyal, dedicated, and outstanding employee, Shawn L. Yetter.

Legislator Standinger spoke. "Shawn has been back and forth a lot and it can be confusing, but I am glad that he returned. As Chair of the Health & Human Services Legislative Standing Committee, it has been a pleasure working with Shawn. He has integrity, he is honest, he is truthful, and he treats his people well. He is an example of the way leadership should be done in my opinion."

Elizabeth Myers, Deputy Commissioner of Social Services and soon-to-be Commissioner of Social Services spoke. "So, I have to say Bill sprung it on me that I was going to speak so I am not prepared. But, as you can see from the resolution Shawn has been here and left, been here and left, etc. and he said that this is the last time he will be exiting and will not be returning even though I am trying to get him to either stay or come back as a seasonal HEAP Worker, or a Community Services Worker in the Child Welfare Division.

"Shawn has been a great boss. He supports his staff. He treats everyone equally and respectfully and expects us to do the same. I have some big shoes to fill, and I hope that I am able to do that justice. Congratulations, Shawn on a well-deserved retirement. I wish you would stay, but I know that it must feel really good at times to say, this is the last meeting I ever have to deal with'. Congratulations!"

Commissioner of Social Services Yetter spoke. "Thank you, Bill and Liz. I never imagined when I first started as a County employee as a summer intern in 1981 that I would be standing here today 44 years later and having been on such an amazing journey with 35 years of those years being here in Tioga County.

"I would first and foremost like to thank the Legislature for their support and guidance. I have worked with 30 Legislators over my 23 years as Commissioner, four different Legislative Chairs, and two Legislative Standing Committee Chairs; Mr. Huttleston and Mr. Standinger both of whom have given me and my department a level of support and guidance that is unparalleled across the State.

"To Chairwoman Sauerbrey, nothing but respect and gratitude for the support you have given me over your many years as Chair of the Legislature. We rarely disagreed but when we did, we always found a way through it.

"I would like to thank County Administrator Bailey for his support. I was hired during the County's first try with a County Manager and that was fun. But I assure everyone here today that the County has hit a homerun both with the move back to bring back an Administrator and with who they have picked for the job. It has been a pleasure, Jackson.

"I would like to thank my fellow Department Heads. Within many departments, they have come and gone during my tenure, and we all here today can probably agree there have been some interesting characters over the years. But we have always managed to build good relationships and created a positive work environment that benefits the residents of our great County and our employees.

"To my administrative teams; past and present, I owe a debt of gratitude for them always being supportive and present day in and day out. We found our way through moving into a new building, two floods, COVID, staff downsizing, hiring freezes, homeless encampments, and a myriad of many other things often invisible to others and we always came out stronger than before. We certainly have made mistakes over the years, that is the nature of the work that we do but we always work hard to correct them and make sure they never happen again.

"To my current administrative team of Liz, Mickelle, Tara, and Brenda, I know you will succeed always, and I leave feeling very confident that the Department is in solid hands.

"Finally, and most importantly to all my staff, you are the glue of how we get things done. Thank you for your commitment to each other and your commitment to the community and the people we are charged with serving. I will be eternally grateful to everyone who has dedicated their time to our mission and vision. You are the best team a Commissioner could ever ask for.

"To close, there is a saying that if something makes you sad when it ends, it must have been pretty wonderful when it was happening. Thank you all for many years of wonderful."

WHEREAS: The County Attorney has written and proposed a new program entitled Nepotism Policy; therefore be it

RESOLVED: That the Employee Handbook is hereby amended to add a new policy to Section II–Ethics Rules, Subsection a. entitled Nepotism Policy.

- I. Purpose
- II. Scope
- III. Definitions
- IV. Policy
- V. Post-Employment Relationships
- VI. Disclosure Requirements
- VII. Exceptions
- VIII. Enforcement and Remedies
- IX. Related Policies

I. Purpose

To ensure employment decisions in Tioga County are based on qualifications, merit, and business necessity, and to avoid conflicts of interest or the appearance of favoritism.

II. Scope

- This policy applies to all departments, offices, and positions under the jurisdiction of Tioga County, including elected officials, appointed officials, and employees and any members of any board, commission, or agency of government.

III. Definitions

- **Conflicts of Interest:** Occurs when an employee or official's personal, familial, or financial relationships interfere with, or appear to interfere with, the impartial performance of their duties or decision-making responsibilities.
- **Employee:** All persons filling positions of any title within Tioga County including elected officials, appointed officials, paid staff, and any members of any board, commission, or agency of government.
- **Nepotism:** The practice of granting employment advantages—such as hiring, promotion, or preferential treatment—to relatives or individuals with close personal relationships, regardless of qualifications or merit. In the context of county government, nepotism undermines fairness, transparency, and public trust by allowing personal relationships to improperly influence employment decisions.

- No employee or official may **hire, promote, or supervise** a relative in any county government role.
- Relatives of current employees or officials **may be hired**, but only if:
 - The Department Head or supervisor determines that the safety, efficiency, morale, or administration of the department's operation is not adversely affected if a relative is employed in the same department or division with final approval by the Personnel Officer.
 - There is no direct or indirect supervisory relationship.
 - They will not influence each other's terms and conditions of employment.
 - Any pre-existing family relationship that predates this policy shall be exempt from this policy. However, if the existing employment relationship changes so that this conflict no longer exists, i.e., the relative is in a position that no longer directly reports to the relative supervisor, this policy will apply for future decisions.

V. Post-Employment Relationships

If two employees subsequently begin a personal relationship like those identified above (e.g. marriage, dating, cohabitation), or one that, in the County's judgement, creates potential conflicts of interest or perception of favoritism it is the responsibility of the employees to disclose the existence of the relationship to their Department Head and the Personnel Officer. The Department Head, in conjunction with the Personnel Officer, shall make reasonable efforts to minimize the issues and reserves the right to address the concern through reassignment of duties or relocating and/or removing employees from their positions

VI. Disclosure Requirements

Employees or candidates must disclose any familial relationships with current employees during the hiring or promotion process, and the hiring or promotion

must first be approved by the Personnel Officer which may include creating a Nepotism Compliance Plan.

VII. Exceptions

- The policy does not apply to appointments made by **popular elections**.
- Existing employment relationships established before the adoption of this policy may be **grandfathered in** but must be reviewed to ensure no conflict of interest exists.
- Where a Nepotism Compliance Plan has been created. This is a written plan and Agreement created by the Department Head and/or Supervisor that describes the situation warranting an exception and outlines a plan to address and avoid conflicts of interest. The plan must include the signatures of all affected parties and employees involved including the Department Head(s), Personnel Officer, and the County Administrator. The proposed plan must then be submitted to the Legislative Committee responsible for Personnel and the committee to which the involved department(s) reports. Once approved by the appropriate legislative committees, the Chair of those committees must sign off on the proposed plan.

VIII. Enforcement and Remedies

- Violations of this policy may result in disciplinary action, reassignment, or invalidation of the personnel action.
- Any alleged violation must be reviewed by the Personnel Office in conjunction with the Tioga County Ethics Board.

PURPOSE

Establish a procedure to allow Departments to implement remote work opportunities for eligible employees, where appropriate, for a portion of the standard work week; in an effort to attract and retain a diverse and talented workforce.

IMPORTANT NOTES:

- This Remote Work Policy – Pilot Program, shall supersede all prior and/or existing Telecommute/Remote Work guidelines, policies, or programs.
- This policy does not apply in situations where an employee is seeking reasonable accommodation in relation to a disability or injury. Such requests should be considered under **Tioga County's Equal Employment Opportunity/ Affirmative Action/ ADA/ PWFA Policy**.

- As this policy is being implemented by the County, it is not incorporated into any collective bargaining agreement or grievance procedure included within them.
- Determinations made by Department Heads and/or Supervisors regarding Remote Work Agreements, supervision and terminations shall not be subject in any manner to grievance provisions of the employee's collective bargaining unit per the Memorandum of Understanding by and between Tioga County and CSEA, Local 1000 AFSCME, AFL-CIO.

SCOPE

This policy applies to all Tioga County departments where a remote work arrangement and location are both feasible and appropriate, as determined by the immediate supervisor and/or the Department Head.

DEFINITIONS

"Approved Work Schedule" is the specific hours and days during which a remote employee is expected to perform their duties, as outlined in the Remote Work Agreement.

"Centrally Located Worksite" is a Tioga County worksite where the employee would be required to work if they were not working remotely.

"Eligible Employee" is an employee who meets criteria and performance standards required to be considered for participation in a Remote Work Agreement as outlined in IV. Sections a. & b. of this policy.

"On-Call Employees" is an employee who, by the nature of their position or departmental need, is designated to be available outside of their regular working hours to respond to work-related emergencies, perform critical functions, or provide essential services as needed.

"Remote Employee" is an employee who has an approved Remote Work Agreement and performs their job duties from a designated remote work location.

"Remote Work Agreement" is a written agreement between the employee, Department Head, and immediate supervisor (if applicable) that permits the employee to work from a remote location for up to two days per standard workweek, in accordance with this policy.

"Remote Work Location" is the non-County site, such as the employee's home, where the employee is authorized to perform official County work under a Remote Work Agreement.

"Standard Workweek" is Tioga County's official workweek, defined as Monday through Friday.

GENERAL POLICY

Eligibility:

Employees shall be approved for a Remote Work Agreement based on their role and the department needs. Meeting the criteria below does not guarantee approval, operational and organizations needs will be priority.

Remote work may be available to Management/Confidential and CSEA members; however, it is not guaranteed and may not be suitable for all roles. Employees do not have an inherent right to a Remote Work Agreement, nor is such an agreement indefinite. Department Heads, and/or immediate supervisors (where applicable), have full discretion to approve, modify, or revoke Remote Work Agreements based on operational needs and policy compliance. Furthermore, Department Heads and/or immediate supervisors may terminate a Remote Work Agreement at any time if it is deemed inconsistent with departmental objectives or if an employee fails to adhere to established policy and guidelines.

The characteristics of an eligible employee will include a demonstrated conscientiousness about work time and productivity, self-motivation and ability to work alone. The employee communicates effectively with supervisors, co-workers, support staff and clients. The employee operates a computer or other equipment independently, to the degree necessary to work from their home. The employee must be performing at an overall satisfactory level or above in their position.

An employee's work must be of a nature that face-to-face interaction with internal or external individuals is minimal and/or the employee's tasks can be performed successfully away from the centrally located worksite.

The need for specialized material or equipment to work remotely should be minimal. Employees interested in Remote Work must already have a safe and ergonomic home office environment or work area and the basic materials and equipment needed at their home to remote work.

Employees must have completed a reasonable amount of employment to be assessed by Department Head to be a successful candidate for a Remote Work Agreement.

Employees must have appropriate dependent care arrangements that allow the employee to work without distraction and mitigate undue interruption, which could impact productivity.

Ineligibility

Employees in training capacity or that provides hands-on service.

Employees with attendance, behavior or tardiness issues.

Employees who have been counseled or disciplined within the two years immediately preceding the request.

Department Heads are eligible for a Remote Work Agreement pending the unanimous approval of their Legislative Committee and recommendation of the County Administrator. Department Heads are authorized to work remotely as needed but are discouraged from engaging in a continuous Remote Work agreement.

EXPECTATIONS

Hours

Employees will be expected to complete their remote work during their approved work schedule. The Remote Work Agreement must indicate the hours that the remote employee will be available to be reached by staff and clients in conjunction with the County Hours of Operation Policy

Approved remote schedules and any deviations of these for remote work must be approved in advance by the Department Head and/or immediate supervisor.

Accrual time, overtime, and lunch breaks during remote hours shall follow the same policy and procedures as when an employee is located at their centrally located worksite. Remote work is not an alternative to utilization of leave time.

Frequency

No more than the equivalent of (2) two days per standard work week may be worked from a remote work location, with the exception of Attorneys.

Employees with a 35-hour workweek, (2) two days, shall mean (14) fourteen hours.

Employees with a 40-hour workweek, (2) two days, shall mean (16) sixteen hours.

Attorneys employed by Tioga County, with Department Head and Legislative consideration and approval, may be eligible to work remotely for up to (5) five days per week.

Impact on County Operations

The essential duties, obligations, and responsibilities of an employee who works remotely are the same as at their centrally located worksite. Employees must be available to communicate with those with whom they normally conduct business (e.g., supervisor, clients/the public, co-workers, etc.) by phone and email while working remotely. Employees must respond to inquiries in the same fashion and within the same timeframes, as if they were in the office.

County operations take priority over Remote Work Agreements. Employees may be required to report to their centrally located worksite on remote workdays at the discretion of their Department Head and/or immediate supervisor, to address operational needs.

The travel time from the employees' home to the centrally located worksite will be treated as commuting time and will not be counted as hours worked, nor will the employees' mileage be reimbursed. On-Call employees are exempt from this and are to comply with their department's procedures in conjunction with the current CBA rules for On-Call pay. Remote work must not create additional burdens for in-office staff. Remote employees are expected to complete their assigned tasks independently, ensuring that colleagues working on-site do not have to take on extra responsibilities due to their absence. Workflows, communication, and task distribution should be managed efficiently so that remote work does not disrupt operations or increase workload for others.

Accountability

Employees are required to accurately record and report all hours worked. Department Heads and/or supervisors are responsible for implementing a review process to ensure that assigned tasks and responsibilities are completed effectively. The Remote Work Weekly Log is available on the County's Intranet under "Employee Handbook – EH Forms." Department Heads are not required to regularly report Remote Work hours, but should there be an issue with performance or availability, it should be brought to the direct attention of the full Legislature by the County Administrator.

Department Heads shall include "Remote Work" as an agenda item, with a detail report on the status of employees approved for Remote Work to their Legislative Committee. This shall be reported on the first month of each quarter (January, April, July, October), and include the approved employee name, title, the number of days per week they're approved to work remotely, and which days of the work week or indicate "flexible" is the days change.

Non-work-related interruptions must be kept to a minimum. Remote work shall not be used as a substitute for dependent child or elder care. Remote employees are expected to make dependent or childcare arrangements during the period they will be working.

Remote work is not intended to enable employees to conduct personal or non-County business while on County time.

The employee is responsible for maintaining a safe and ergonomic remote working environment, including the work area, bathroom, and other areas that may be necessary for use while working remotely.

Violations of this policy may result in rescission of a Remote Work Agreement, as well as potential disciplinary action.

Prohibited

Employees shall not conduct any unauthorized external (non-County) work during their remote work schedule.

Remote employees shall not hold in-person business meetings with internal or external clients, customers, or colleagues at their remote work location.

Applicability of County Conduct Expectations

Any County policies pertaining to workplace conduct and behavior apply in full to employees working remotely, including, but not limited to, the County's anti-discrimination and harassment policy.

BENEFITS & WORKERS' COMPENSATION**Benefits**

The remote employee's salary, retirement, and benefits are the same as if the employee were working at the centrally located worksite.

Workers' Compensation

Remote employees may be covered by workers' compensation for job-related injuries occurring during their defined work period. Any claim received will be reviewed on its merit and in accordance with the Workers' Compensation Law.

Workers' compensation will not apply to non-job-related injuries that occur at the remote work location in accordance with the Workers' Compensation Law. The employee remains responsible for injuries to third parties and/or members of the employee's family on the employee's premises. Tioga County will not be responsible for injuries to third parties or members of the employee's family that occur on the employees' premises and employees will hold Tioga County harmless for injury to others at the remote work location.

In the event of a job-related incident, accident or injury during remote working hours, the employee shall report the incident to their supervisor as soon as possible but no longer than 24 hours after and follow established procedures to report and investigate workplace incidents, accidents, or injuries.

The employee must allow inspections of the employee's work area(s), home office, or other relevant location to be conducted by Tioga County or its agent if a job-related incident, accident, or injury has occurred. If the employee refuses to allow the County to inspect the remote work location following a reported injury, the Workers' Compensation claim may be denied. The refusal may also result in a revocation of the Remote Work Agreement or other appropriate disciplinary action.

TECHNOLOGY & SECURITY**Supplies**

The County will provide a computer, laptop or tablet approved by Information Technology.

The Employee will be responsible for workspace, networking and/or internet capabilities at the remote work location and shall not be reimbursed by the County for these or related expenses. Internet access is expected to be reliable and secure, and meet the bandwidth needed for the job.

The need for specialized material or equipment in order to remote work should be minimal. The County shall provide equipment (hardware and/or software) and services (such as technical support) if it is approved in advance by the employee's Department Head and the Chief Information Officer.

Department expenses incurred in the implementation and execution of Remote Work Agreements require the approval of the Department Head. If County equipment is provided to the employee, the employee is responsible for seeing that the equipment is properly used in compliance with current County Comprehensive Information Security Policy and returned in working order to the County upon conclusion of the Remote Work Agreement.

Standard office supplies (such as paper and pens) will be provided by the County and should be obtained by the employee at the centrally located worksite. Out-of-pocket expenses for supplies normally available at the centrally located site will not be reimbursed. Office furniture will not be provided for remote employees.

Remote employees are subject to the same internal County policies regarding the use of County-provided equipment (hardware and/or software) and services as those of employees at the centrally located worksite.

Note: Employees who are approved to engage in a Remote Work Schedule, are still required to comply with County Policy Section XI – Records Management Policy and Procedures.

Remote employees shall not allow anyone, except County employees, to use or access County-provided equipment (including hardware, software, chargers, storage devices) and services.

Employees are prohibited from accessing the County network using a public access computer.

Hardware

New or existing computer equipment shall be provided for remote employees, by the County, if approved in advance by the employee's Department Head and the Chief Information Officer. All County owned hardware equipment and devices must be returned to the County as soon as the remote working agreement has ended, or when the equipment is no longer needed to perform related work activities.

The County will provide routine maintenance and repairs for County owned computers and equipment. The County will try and perform maintenance remotely, however, to complete necessary maintenance it may be required that the remote employee bring their device back to the worksite or internal network. Remote employees can request technical support for County computer devices by submitting a ticket through the Tioga County Service Center (<https://tiogacountyny.freshservice.com/support/home>). County Information Technology staff will not visit the remote employee's remote work location to provide service onsite.

Software

Employees must conform to the County's software standards. Department Heads will consult with Information Technology staff to ensure that the software needed conforms to the County's software policies.

Remote access to the County's network may be provided to the remote employee at the discretion of the employee's Department Head and with the approval of the Chief Information Officer or designee. If the County's remote access system includes internet access or other dial-in services, the employee may only use the County provided internet access or other dial-in services in a manner consistent with that of employees at the centrally located worksite. Remote employees are subject to the same internal County policies regarding the use of County provided equipment, software and services as that of employees at the centrally located worksite.

The County may purchase software for installation on County-provided equipment if approved in advance by the employee's Department Head and the Chief Information Officer or designee.

TRAINING REQUIREMENTS

Employees shall participate in any County-sponsored remote work and/or technology training as requested by the employee's supervisor, Department Head, CIO, or County Legislature.

The employee shall participate as requested in any County evaluation of the remote working agreement or policy.

CONFIDENTIALITY

The employee will maintain the confidentiality of County and State information and documents, prevent unauthorized access to any County system or information, and dispose of work-related documents in a manner that will not jeopardize the interests of the County or its clients/customers.

The employee shall continue to follow all Tioga County policies that address confidentiality and security, as found in the Employee Handbook.

Employees must maintain documents in their possession in a safe and secure manner while they are outside of their normal workplace. Documents containing confidential information must be shredded, not discarded in regular trash, and electronic documents must be stored on County-approved systems.

REVIEW

The County reserves all rights to continuously review this policy, and any Remote Work Agreement and rescind either of them upon a review and determination that the policy or an agreement is no longer in the best interest of the County.

No employee should have any belief or expectation that the policy or agreement will continue indefinitely.

The County will continuously review this policy and decide as to its effectiveness, need, and any other rationale behind it or the procedures within it and it may, within its sole discretion, rescind or alter the policy or procedures and any associated documentation.

EFFECTIVE DATE

This policy shall be effective immediately upon approval by the County Legislature and will remain in effect until amended or repealed.

RESOLVED: That a certified copy of this Resolution be filed with the County Attorney, County Administrator, and County Treasurer to ensure compliance with statutory and procurement requirements.

County Administrator Bailey spoke. "The resolution before you today represents a significant and long-planned step for Tioga County. The acquisition of real property for the purpose of constructing a new consolidated administrative County Office building.

"This project addresses multiple long-standing challenges across our facility footprint. Challenges that cannot continue to be solved through incremental repairs or continued reliance on aging facilities.

"This resolution authorizes the purchase of four existing parcels; the former Walgreens facility and site including the Hiawatha Dental office and The Family & Children's Counseling Services at 135-147 Main Street, Owego, NY, the current vacated converted residence at 67 Central Ave., Owego, NY, the parking lot at 55-65 Central Ave., and the parking lot at 153 Main Street, Owego, NY. Part of the proposed sales agreement is that the County will hold a short-term lease for the current liquor store and a long-term lease for Hiawatha Dental office and The Family & Children's Counseling Services. The acquisition will not have an impact on the immediate operations of either business.

"A new administrative County Office building at this location will provide an incredible opportunity for the following: providing the public with a single, modern and accessible location for county services, improving operational and space efficiencies across departments, modernizing and centralizing County IT infrastructure thus improving reliability, cybersecurity, and digital service delivery,

expanding of convenient ADA accessible parking for residents conducting county business, increasing daily foot traffic within walking distance of the downtown Owego shops, restaurants, and marketplace, and the potential development of the current county facility at 56 Main Street, Owego, NY as a future taxable property.

“Financially, this project is built on long-term planning. Several years ago, the Legislature had the foresight to establish a legal reserve specifically for the use of future construction or a major rehabilitation of a county facility. That foresight will allow this project to initially move forward using funds already set aside for this exact intended purpose, reducing any immediate impact to the County tax levy. As the project progresses into the design and construction phases, the County will consider bonding as part of the balance capital financial strategy and any such decision would come before this Legislature for a separate approval. The County has also applied for and was awarded \$1 million dollars in matching ESD funds in the first-ever round of the New York State County Infrastructure Grant Program, which will be applied to and help offset the anticipated cost for this project. The County is also actively researching and preparing for the second round of the New York State County Infrastructure Grant Program once it becomes open to applicants.

“The County is also mindful of the impact that removing a property from the tax roll will have on its residents. Anytime a municipality acquires property, the shift in taxable value is shared across the remaining properties. The County acknowledges that concern openly, however, this project will create a unique offsetting benefit. Once County operations are relocated, the current County Office Building at 56 Main Street, Owego, NY can be made available for private redevelopment to create a market rate housing opportunity that meets a well-documented need in the community. When that redevelopment occurs, 56 Main Street, Owego, NY will have the opportunity to return to the tax roll as a revenue generating property. That transition can help to counterbalance the impact of the new site coming off the tax roll while also bringing new residents and new economic activity into the downtown area. This is similar to what the County has done previously with the selling of 231 Main Street, Owego, NY and the former county jail facility.

“In addition to the operational improvements, this relocation strengthens downtown vitality and supports local businesses while turning a vacant property into a productive long-term asset for the community and for Tioga County residents. While a timeline is not yet known, consistent financial and construction updates of the project progress will be made publicly available to residents on a regular basis.

“This late-file resolution reflects the timing realities of negotiations and due-diligence, but the underlying discussions, evaluations, and planning have been

ongoing for years. This is not a sudden decision. It is a strategic investment by the Tioga County Legislature grounded in responsible financial planning, infrastructure modernization, and a commitment to delivering high quality public service to the public for decades to come. Thank you."
