#### Presentation

- Fiscal Update

#### Old Business

- Meeting Minutes (March)
- Enforcements

#### New Business

- None

#### Director's Report

- Agency Updates – March

#### Additional Items

- None

#### Next Meeting Information

- Next Meeting: May 15, 2025

# TIOGA COUNTY BOARD OF HEALTH

## MEETING MINUTES March 20, 2025

### **BOARD MEMBERS PRESENT (Attended In Person):**

T. Nytch, DVM, President  
W. Simmons, Vice President  
T. Hills, DVM  
T. Leary, FNP  
W. Standinger III, Legislator  
R. Kapur-Pado, DO  
J. Raftis, DO, FACEP

### **ABSENT:** None

### **OTHER(S) PRESENT:**

H. Vroman, Public Health Director  
D. Scherrer, Director of Environmental Health  
P. DeWind, Tioga County Attorney  
A. Reigelman, Secretary

### **CALL TO ORDER:** at 7:29 a.m. by Dr. Nytch.

**PRESENTATION:** Mr. Scherrer presented on the Tioga County Public Health Water Program (shared PowerPoint). He discussed various aspects of the program including water sources, disinfection methods and source water protection/ treatment, sources of water contamination, enforcement actions (providing examples from this month's listed enforcements, and required reporting sharing examples of lab results and sample schedules. Mr. Scherrer also discussed the purpose of water operators and how we assist in certifying operators and offering continuing education classes for certification as well as various Tioga County updates including:

- A new wellhouse at Crestview Heights
- Aquifer protection plan restarting in Owego
- Finalization of Waverly Infrastructure Project
- Tioga County rest areas are receiving updates (Nichols rest stop is getting a new chlorination system and Owego rest stop currently cannot drink water at so discussions are taking place on how to correct).

Mr. Scherrer answered several questions from the Board regarding septic issues/contamination of water and what is required to be reported to the County, what is used to treat Village of Owego municipal water, Aquifer Protection Program, and status of Nichols new filtration system.

### **OLD BUSINESS:**

- Meeting Minutes (February 2025): Motion to approve prior minutes made by Mr. Simmons; seconded by Dr. Hills, all were in favor, none opposed, motion approved.
- Enforcements: Ms. Vroman provided details on the different food-related enforcement violations and explained the actions that took place surrounding the enforcement item of the establishment operating without a permit. The Board and Ms. Vroman discussed repeat violations and how to best avoid repeat violations in the future-hoping that with the Food Course now offered without cost that more people within establishments will complete. Public Health is educating and encouraging establishment staff to take the food course.

### **NEW BUSINESS:** No new business items

**DIRECTOR'S REPORT:** Ms. Vroman distributed and shared her Director's Report for March.

## TIOGA COUNTY BOARD OF HEALTH

### Public Health Information:

- Congress decided to extend budget through September. May see a consolidation of some programming, but no cuts so far. Will keep the board updated if any changes occur.
- Measles Update: Four cases in New York so far, 350 cases in United States. 75% of cases are within unvaccinated children. New York State rate of MMR vaccination is about 81%. Tioga County Public Health is messaging through various media sources, pushing vaccination and early care. An internal team met last week, and a flyer has been created (distributed to the Board for review). Ms. Vroman noted that she would like to discuss how to best reach the Amish communities (Berkshire and Candor).
  - Mr. Simmons stated that he could bring information to the Berkshire Amish community (the bishop would be best contact); also provided contact information for someone involved with Candor Amish community.
  - Ms. Vroman added that Public Health can come to the communities to vaccinate if they would be agreeable. Board members discussed protective timeframe (of two weeks if series is started immediately).
  - Dr. Hills noted that there may be a large population within the older community who have not received the MMR series (also discussed possible immunity if exposed).
  - Ms. Leary stated her concern for the current status of vaccines/ response to diseases- where the world is going. Board members discussed. Also noted Homeschool environments would be another group for outreach.
  - Ms. Vroman explained that the State Health Department sends messages and Tioga County Public Health ensures that our local providers, day care providers and school districts are receiving the same messages. Have regular meetings/calls through NYSACHO and NACCHO.
  - Dr. Raftis complimented the flyer and information included.
- Avian Flu has not gone away. Tioga County Public Health participates in regular calls. On calls it is expressed that it's not new, and still a relatively low risk to humans. We do have State plan if needed. Locally, we have reached out to farming population, but they are not interested in receiving the regular Influenza vaccine.
  - Discussion took place regarding if further outreach is needed at this time to the farming population. Ms. Vroman felt that with flu numbers declining and with completing great outreach already that we can discuss again in the fall with the next flu season.
  - Legislator Standinger inquired about tickborne illnesses and expectations for this year. Ms. Vroman stated that the New York State Department of Health has commented that it is too early to tell what tickborne illness season will look like. In 2024 Tioga County saw a slight tickborne illness decrease in number but saw more types of illnesses. She also noted that Public Health is working on educating providers to run full panel of tickborne illnesses instead of just Lyme. Will continue to do lots of education within the community.

### Staffing Updates:

- Project Coordinator- have filled the position with Kylie Holochak, which will be effective starting Monday 3/24/25. Her previous Senior Public Health Educator position will be backfilled.
- An offer was made to a Public Health Emergency Preparedness Coordinator, contingent upon background check. Likely it will not start until end of April/early May as the position will require a resolution to fill. This individual has Emergency Preparedness experience.
- Have a vacant Public Health Sanitarian position.
- Speech Therapist position will stay posted or will become unfunded. It has been posted for two years, and we have had no candidates. We have promoted this position with lots of outreach.

### Accomplished Activities:

- The Public Health 2024 Annual Report has been completed (distributed copies to Board Members). This is an accumulation of what Tioga County Public Health accomplished in 2024.
  - Legislator Standinger complimented Public Health's report, noted that it is one of the best. Other members complimented and asked Ms. Vroman share with staff.

## TIOGA COUNTY BOARD OF HEALTH

- Dental Van has seen an increase in new patients; but with the Dentist working more hours now, we have been able to accommodate and get back on track.
- Through the Floyd Hooker grant to assist with lead remediation (Lead Free Homes project) have partnered with Home Central and created a voucher for those needing lead encapsulating paint.

### In Progress Tasks:

- Guthrie has new “MOM” mobile van (distributed flyer). They received a \$3 million grant to establish a maternity mobile unit, which will be serving 16 counties. Tioga County Public Health has offered to be a host site for their mobile unit, which we just found out will start at our office building next week. Have shared information on our Facebook page and plan to share with other media sources.
- Dental Van is scheduled for a School Based Health Clinic audit on April 8<sup>th</sup> (audit from New York State Department of Health). Will share results with you after it is completed. This will be a hybrid audit (part virtual and in-person). Ms. Whitmore and Ms. Reigelman have been working on collecting requested documentation.
- Environmental Health Temporary Permit Application will be available on our website soon. Will slowly roll out other department forms in same application. The goal is to eventually go paperless.
- CredibleMind should launch by the end of April or sooner. Will make sure you are informed when it does.
- Focusing on employee well-being. Management staff will be leading monthly (optional) well-being activities for staff.
  - The Board and Ms. Vroman discussed current employee recognition activities hosted by the County and individually by Public Health.
- Nothing new to report on ASAP and Suicide Prevention Coalition proposed merger.
- The 2024 Communicable Disease Annual Report will be rolling out in early April.
  - Ms. Vroman explained that the communicable disease data in the monthly report is only a summary. Some numbers are not shared due to protecting our resident’s information (i.e. STI numbers). If anything emergent arises, the Board would be notified. Ms. Vroman noted that if anyone has questions pertaining to communicable disease numbers she would be happy to have a conversation. However, those identifiable numbers will not be included in the report as it does get posted publicly.

### Other Information:

- The first week of April is Public Health Week. We are advertising and a proclamation was read in March.
- Ms. Vroman notified the Board that she resigned from the Rural Health Network (RHN) Board of Directors due to personal reasons. She added that she still has a good relationship in partnering with RHN.
- Received call saying that individuals might be digging at the foundry site. Staff investigated and it looked clear. Feel it is important to have the County monitor the site, especially in the spring.
  - Brief discussion of follow up with Department of Environmental Conservation (DEC).
- Inquired if the Board would like Dr. Zevan (Medical Consultant) to attend a Board of Health meeting and if he does, what would be his expectations for the meeting.
  - The board asked that he provide his background and what he does for Public Health. How does he see himself and the Board working together?
- Next meeting is April 17<sup>th</sup>. Mr. McCann will be attending to provide fiscal update.

### Additional Comments:

- Dr. Nytych inquired on status of Stray Haven and housing stray dogs. Legislator Standinger stated that there is no movement by Stray Haven. Each township will be responsible for housing their own strays. Some are being brought to Chemung and Broome Counties if space is available. Ms. Vroman noted that Tioga County Public Health does not have oversight over the facility; only oversight over rabies control.

## TIOGA COUNTY BOARD OF HEALTH

Adjournment of meeting called at 9:21 a.m. Motion for adjournment made by Mr. Simmons; seconded by Ms. Leary, all were in favor, none opposed, motion approved.

Minutes respectfully submitted by Abigail Reigelman.

---

Thomas Nytych, DVM, President

---

Abigail Reigelman; Secretary

Minutes approved April 17, 2025

# AGENCY REPORT

February 20-March 26, 2025

### Highlights

- 2024 Annual Reports have come in and were distributed to all our affiliates!
- As part of our Strategic Plan effort for Employee Training Needs, we have initiated Public Health program presentation highlights at our Monthly All Staff Meetings. This month we heard from Environmental Health Staff regarding the Food Program. It was a great presentation!
- We have officially launched Municipay (new application for the public to pay for bills and permit fees online) AND our new electronic Temporary Food Permit Application. Both links have been posted on our website!
- We have partnered with Guthrie in hosting their new Maternity Oasis Mobile (MOM) Unit, for maternity care and post partum needs as well as other services. PHD attended the ribbon-cutting ceremony for the new unit.
- ATUPA violation(s) were found at the Richford Cash & Carry including: sale to underage person (under the age of 21), sale of flavored nicotine vape, and the facility did not have a permit to operate from the New York State Department of Taxation and Finance. Upon consultation with New York State Department of Health (NYSDOH), the facility was given a stipulation and removed all nicotine and vape products from their shelves.
- Presented at a New York State Association for County Health Officials (NYSACHO) webinar “Collaborating for Change: County Success Stories in Naloxone Distribution, Youth Prevention, and Harm Reduction” on Tioga County ASAP initiatives and successes; including our Public Access Narcan (PAN) Box program and advertising methods.

### Health Education

- Facilitated Toothbrush Fun activity at the Berkshire Library.
- Through the Creating Healthy Schools and Communities (CHSC) grant, we were able to purchase a new glass door freezer for Catholic Charities to help them with offering healthy food options to clients that access their food pantry. We were also able to purchase sensory path materials for Newark Valley Elementary and Middle Schools.
- The DFC and CARA Continuation Applications were both submitted to the CDC to ensure the continuation of funding for the ASAP Coalition.
- Community Anti-Drug Coalitions of America (CADCA) selected Tioga County ASAP to pilot their new planning tools.
- Attended the Owego Kiwanis Meeting on Black Balloon Day (March 6<sup>th</sup>) to share what the day is about and provided other updates about initiatives that the Tioga ASAP Coalition is working on. Also presented at the Spencer-Van Etten Safety Symposium sharing youth substance use statistics collected from the 2023 Tioga County CLYDE Survey, educated on products that are being targeted toward youth and shared findings from an environmental scan that was conducted around Tioga County at various gas stations.
- ASAP Coordinators met with Tobacco Free Broome Tioga to discuss the current policy needs and ways to partner on smoke free initiatives, including smoke free housing and school engagement.

### Environmental Health

- Delivered our first set of lead remediation supplies through the Lead-Free Homes for Children program to a family on our caseload.

- Through our Lead Program, we will be able to loan a HEPA Vacuum (special vacuum used to safely clean lead particles) to families needing to utilize one.
- Attended the Tioga County Water Quality Coordinating Meeting where they discussed available rain barrels for residents, stream clean-up events and paint collection event.
- Director of Environmental Health presented to the Board of Health on the Tioga County Public Health Water Program.
- We hosted an AWWA training session for water and wastewater operators which focused on protecting from accidents, including chemical and biological exposures.
- We certified a new water operator for the Newark Valley School District.
- In our efforts to promote increased outreach/education on potential rabies exposures within the County and to ensure proper protocols are followed, Director of Environmental Health presented about responding to animal bites/exposures at the Tioga County Local Emergency Planning Council (LEPC).
- Staff visited UHS Endicott Walk-In to educate providers on the process of reporting animal bites/exposures for Tioga County residents.

### **Patient Services (EI, Dental, Clinic)**

- Early Intervention referrals have increased and our Service Coordinators offer support, assisting parents to get needed services while still struggling with the continued provider shortage.
- Early Intervention Service Coordinators tabled at the Tioga County Rural Ministries Community Resource Fair. They also visited the Spencer Family Resource Center, discussing child development and distributed sensory bins which were a hit for the child attendees.
- Director of Dental Health Services has been working with representative from Emedny to learn how to bill Medicaid through Epaces provider portal.
- Worked with Newark Valley High School to arrange transportation for students to get follow up care while at Newark Valley Middle School. Dr. Sarnicola's extras days are paying off, he completed over 100 fillings and 29 extractions this month!
- Initiated monthly meetings with our Medical Consultant in addition to routine communication. The meetings have been very beneficial and are a great opportunity to share and receive information that benefits public health.
- Public Health Nurse attended the Immunization Coalition Conference in Albany. There was great discussion on innovative ways to promote vaccines in the community.
- We continue to receive updates from NYSDOH regarding any increased risk of measles in our County. We have an open communication line to assure needed measures are in place in case an outbreak occurs. We have done much outreach to providers, schools, daycare facilities and our Amish populations to assure they know the symptoms and the importance of the MMR vaccine.
- We continue to monitor H5N1 (Avian Influenza); the risk for humans remains low.
- We continue to see a decrease in respiratory illnesses (including influenza, COVID and RSV).

### **Administrative Services**

- Management Team has begun participating in a series of webinars called "Empowered Leadership" focusing on well-being for self and staff.
- Senior Management met with the Tioga County Safety Officer to discuss health and safety related concerns, including expectations of Public Health responding to emergencies.
- PHD had a radio interview with WHCU News talk radio regarding COVID response (as we just passed the 5-year anniversary of its start).

### Ongoing Support/Partnerships

- Allies in Substance Abuse Prevention Coalition
- Child Fatality Review Team
- Family Enrichment Network (Head Start)
- Lourdes PACT Advisory Board
- Mothers and Babies Perinatal Network
- New York State Association of County Health Officials (NYSACHO)
- New York State Association for Rural Health (NYSARH)
- New York State Association of Counties (NYSAC)
- Racker Center
- Rural Health Network
- Safe Harbor Committee
- S2AY Pivotal Partners Finger Lakes
- Team Tioga
- Tioga County Board of Health
- Tioga County Commissioner's Advisory Council
- Tioga County Council of Governments
- Tioga County Local Emergency Planning Committee (LEPC)
- Tioga County Mental Health Sub-Committee
- Tioga County Non-Profit Network
- Tioga County Threat Assessment Management Team
- Tioga Opportunities

**Financial Snapshot**  
**Year-to-date through December 2024 FINAL \*1,2**

	<b>Budget 2024</b>	<b>Actual YTD 2024</b>	<b>Percentage of 2024 Budget</b>
<b>REVENUES</b>			
Fees	1,101,622	708,325	64 %
State/Federal	3,529,346	3,112,077	88 %
Local	3,231,108	2,722,937	84 %
<b>TOTAL</b>	<b>7,862,076</b>	<b>6,543,339</b>	<b>83 %</b>

<b>EXPENSES</b>			
Compensation	2,635,486	2,363,127	74 %
Program Expense	4,675,514	3,755,569	64 %
Core Infrastructure	551,076	424,643	75 %
<b>TOTAL</b>	<b>7,862,076</b>	<b>6,543,339</b>	<b>68 %</b>

**Allocation of Expenses**  
**Year-to-date through December FINAL 2024**

**\*Notes:**

1. These figures represent the most recent 'closed out' month by the Treasurer.
2. Additional funds not including in the reported numbers above are JUUL Settlement Funds & ASAP Coalition grants. These are excluded as they are outside of our County approved budgets and would skew the figures to not being accurate reflections of financial status.

## POISONING PREVENTION

KEEP MEDICINES, HOUSEHOLD PRODUCTS, POISONS AND CANNABIS PRODUCTS UP HIGH AND OUT OF REACH OF CHILDREN.

### Poison Prevention Tips

- Store poisons and cannabis products in their original containers.
- Keep cannabis products in a separate cabinet or container. Consider using a lockbox to store any cannabis products.
- Use child-resistant packaging, but remember nothing is child-proof.
- Read the label and follow the directions on medicines and products.
- Teach children to ask an adult before eating or drinking anything.

**Poison Prevention - Be Proactive**  
Take action to protect your family against everyday household poisons!

- Read the label and follow the directions on medicines and products.
- Use child-resistant packaging - but remember nothing is child-proof.
- Store and keep all medicines, household products, and cannabis products up high, out of sight, and out of reach of children.
- Avoid contact with plants and animals that may be venomous.
- Install carbon monoxide detectors in every sleeping area of your home.
- Store poisons and cannabis products in their original containers.
- Keep cannabis products in a separate cabinet or container and consider using a lockbox to store any cannabis products.
- Keep items away from children if they contain small button batteries.
- Teach children to ask an adult before eating or drinking anything.
